I'm a Computer Science graduate who's passionate about programming and problem-solving. I have a solid understanding of Java, object-oriented programming, and how software is built from start to finish. I'm eager to join a team where I can apply my skills, learn from real projects, and grow as a Java Developer by creating useful, scalable applications.

TECHNICAL SKILLS

- | | | | |
|--------|-------------------------------|---------------|--------|
| • Java | • SQL | • MySQL | • HTML |
| • CSS | • Object-Oriented Programming | • Spring boot | |

WORK EXPERIENCE

Android Application Development Internship | Pro azure Software Solutions Pvt. Ltd 12/12/2023 - 12/01/2024

- Using Java and Android Studio, I helped with the design, development, and launch of Android applications.
- Worked with UI/UX designers to employ XML components to create responsive and user-friendly interfaces.
- Gained hands-on experience with Firebase for authentication, real-time database, and push notifications.
- Tools use:**

Programming Language: Java

Development Environment: Android Studio

Authentication: Firebase Authentication

PROJECTS

- E-Waste Facility Locator**

The E-Waste Facility Locator App is a mobile and web-based application designed to help users identify and locate nearby authorized electronic waste (e-waste) disposal and recycling centers. With the increasing problem of e-waste, the app provides a convenient platform for individuals and businesses to properly dispose of electronic waste, reducing environmental pollution and promoting sustainability.

EDUCATION

Bachelor of Engineering in Computer Engineering

2021 – 2025

Jai hind College of Engineering, Kuran

CGPA: 8.83

Higher Secondary Education (Class XII)

2021

Dyanmandir Junior College Ale

Percentage: 90.61/ 100

Secondary Education (Class X)

2019

New English Shirol (Bori)

Percentage: 83.20 / 100

ACHIEVEMENTS/CERTIFICATIONS.

- NPTEL Online Certification (Internet Of Things)
- Mern Full Stack Web Development TCR INNOVATION
