EDUCATION	
MBM Engineering College(MBM University) <i>Bachelor of Engineering - Electronics and Computer Engineering(ECC); GPA: 8.00.</i> <i>Courses: Operating Systems, Data Structures, Analysis Of Algorithms, Electronics, Networking, Databases</i>	Jodhpur(Rajasthan), India Aug 2019 - July 2023

SKILLS SUMMARY	
Languages: Python(Pandas, NumPy, Matplotlib, Seaborn), SQL, MySQL Data Tools: Excel, Tableau, Power BI, DAX, Power BI Report Builder, Microsoft Fabric, N8N, Quadratic Data Analysis: EDA, ETL, KPI Tracking, Data processing, Data Cleaning, Forecasting, Time Series Analysis Platforms: Jupyter Notebook, Jira Software, Salesforce CRM, AI & ML Soft Skills: Problem-Solving, Communication, Team Collaboration, Analytical Thinking, Documentation	

EXPERIENCE	
Pioneers Global Associates(Dubai) <i>Data Analyst (Finance, Intern)</i> - Developed and maintained interactive Power BI dashboards and financial MIS reports to support strategic planning and performance tracking. - Conducted financial data analysis, variance analysis, forecasting, and financial modelling to deliver actionable insights and improve reporting efficiency. MedTourEasy(MTE) Pvt. Ltd., New Delhi <i>Data Analyst (Full-time)</i> - Designed and implemented scalable ETL pipelines, streamlining data processing and enhancing accessibility across departments. - Developed dynamic Power BI dashboards using advanced DAX functions, resulting in a 20% boost in operational efficiency. - Conducted deep-dive data analyses and collaborated with cross-functional teams to uncover insights that contributed to a 25% growth in business performance. - Ensured data integrity by managing metadata and standardizing reporting practices, significantly reducing discrepancies in business intelligence outputs.	Remote Nov 2024 - Jan 2025 Remote Mar 2025 - Present

PROJECTS	
Atliq – Supply Chain Analytics (Automation, Workflow Orchestration, Data Analysis): Automated order line data workflows and reporting pipelines using Quadratic and N8N. Identified delayed deliveries and high-risk regions, accelerating reporting by 60%. Tech: Quadratic, N8N, PostgreSQL, Excel Matiks – User Behaviour & Revenue Analysis (Product Analytics, Retention, Visualization):Analyzed DAU/WAU/MAU, churn, and revenue segments by device and game type. Identified top 20% users driving 80% revenue and proposed a 15% retention uplift. Tech: Power BI, SQL, Excel SAADAA – Sales & Customer Retention Dashboard (Data Visualization, Business Intelligence): Built Power BI dashboards to track city- and category-wise sales, returns, and inventory. Improved stock planning and customer segmentation, resulting in 81% retention. Tech: Power BI, DAX, Excel Bank Loan Report – Lending Trends & Risk Analytics (Fintech, Loan Performance, Risk Profiling): Developed dashboards for loan KPIs by region, tenure, and borrower profiles. Enabled good-vs-bad loan segmentation to optimize disbursements and reduce defaults. Tech: Power BI, Excel, SQL Ola – Ride Cancellation Analysis (Data Cleaning, Trend Analysis, Visualization): Processed multi-source ride data using SQL and visualized cancellation trends in Power BI. Helped reduce cancellation rate by 10% through strategic recommendations. Tech: SQL, Power BI, Excel	

CERTIFICATION	
Generative AI Mastermind – Outskill <i>Completed foundational training in Generative AI applications, tools, and trends.</i> Career Essentials in Data Analyst & Business Analysis – Microsoft & LinkedIn <i>Trained in data wrangling, business analysis frameworks, and stakeholder communication.</i> Jira Fundamentals – Atlassian <i>Trained in agile project management, sprint planning, and issue tracking using Jira.</i> Power BI Mastery – Udemy <i>Built proficiency in data modelling, DAX, interactive dashboards, and real-world business reporting.</i> SQL for Data Analysis – Microsoft <i>Hands-on training in advanced SQL for data extraction, analysis, and transformation.</i>	April 2025 June 2024 Mar 2024 Feb 2024 Jan 2024
