

Tejas Ulhas Joshi

Aspiring Data Analyst / Data Scientist

Email: joshitejas06@gmail.com | Phone: 9403464098 | Pune

LinkedIn: [Tejas Joshi](#)

Professional Summary:

Dedicated, fast-paced entry-level professional with an attention to detail mindset seeking a Data Analyst or Data Scientist role, leveraging skills in Data Analytics, Collaborative Working, Organizational Skills, Advanced Analytics, problem-solving, Critical Thinking, and Teamwork to drive business growth.

Professional Experience:

Flame University

Research Associate Intern

16 Jan 2024 - 01 Jul 2024

- Conducted research on digital literacy in India using **Structural Equation Modeling (SEM)** in **SmartPLS4**, Applying **statistical tests** on databases.
- Developed expertise in **research methodology, data preparation, data cleaning, and advanced statistical modelling**, documentation of the analysis done.

Worxmate.ai

Market Research Analyst Intern

08 Jul 2024 - 30 Sep 2024

- Analyzed market research and sales data to identify industry trends and inform strategic planning with **data-driven insights** for continuous improvement of business.
- Collaborate and communicate with cross-functional teams to implement **business strategies** and process improvements through **analytical skills** and innovative solutions.
- Generated leads through **cold calling** and collaborated with prospects to assess **market opportunities and product development**.

Eligarf Technologies

Data Annotation Specialist

February 2024 – Present

- Working as a Data Annotation Specialist, responsible for accurately annotating and creating high-quality datasets to support machine learning and AI projects.
 - Use of Google Sheets for data tracking and management,
-

Education:

Master of Science in Statistics

MIT-WPU, Pune | CGPA: 8.80 | 2022 - 2024

Bachelor of Science

K.T.H.M College, Nashik | CGPA: 8.82 | 2019 - 2022

Key Projects:

Fraud Credit Card Transaction Detection

- Developed a model to classify credit card transactions as fraudulent or fraud detection.
- Utilized Decision Tree Classifier with preprocessing and SMOTE for imbalanced datasets.
- Skills Gained: **Data Manipulation, Classifiers, Scikit-Learn, Decision Trees, Pandas, Numpy**

Review Analysis for British Airways

- Conducted sentiment analysis using Natural language processing on customer reviews using Python.
- Achieved 76% accuracy using Random Forest Classifier.
- Skills Gained: **Sentiment Analysis, Web Scraping, Scikit-Learn, WordCloud**

Spam Mail Classification

- Built a model to classify emails as spam or non-spam using Naïve Bayes Classifier (98% accuracy).
 - Skills Gained: **Data Vectorization, Lemmatization, Logistic Regression.**
-

Skills:

- **Data Analysis & Visualization:** Python, R programming language, Power BI, Microsoft **Excel**, Structured Query Language (SQL), Data analytics, Pivot tables,
 - **Statistical Techniques:** quantitative analysis, Machine Learning algorithms, predictive models, Analytical Capabilities, statistical methods
 - **Soft Skills:** Problem Solving, **Project Management**, decision-making, verbal communication skills, leadership skills
-

Certifications:

- Data Science Virtual Experience Program (British Airways)
 - Certificate Course in Data Analytics
 - Data Visualization Training (TATA Forage)
-

Awards:

- MIT-WPU Merit Scholarship Holder
-

Co-Curricular Activities:

- Member of Student Placement Representative Team at MIT-WPU
