Collaboration & Prototyping: Microsoft Teams, Slack, Figma, Balsamiq, Fluidcharts
Technical & Analytical: SQL, Python (Basics), Data Visualization, Behavioral Analysis
Soft Skills: Communication, Critical Thinking, Time Management, Ownership

EXPERIENCE

Business Analyst Intern (Comfygen Technologies, Jaipur) Jan 2025 - Feb 2025

- Collaborated with 10+ clients to gather functional requirements aligned with business objectives.
- Drafted BRD/FRD docs, suggested 3+ scope-based changes, and supported sprint planning.
- Used JIRA dashboard to track tasks and align project timelines with key deliverables.

Freelance Content Writer (Kollegeapply, Remote) Jan 2025 - Jun 2025

- Researched and wrote 4–5 articles daily on college topics using keyword-based frameworks.
- Uploaded content to CMS, ensuring accurate formatting and keyword use aligned with SEO.

Content Writer (Travel Saga Holidays, Jaipur) Aug 2024 - Dec 2024

- Wrote 400+ SEO-rich travel blogs, short descriptions, and paid blogs across multiple platforms.
- Collaborated with SEO and editorial teams to maintain quality and content relevance.

PROJECTS

Customer Churn Prediction (Excel + Power BI +Trello)

- Built dashboards and churn logic using Excel and Power BI to analyze user behavior trends.
- Managed sprint tasks via Trello; delivered insights to improve customer retention strategy.

Delivery Tracker System (Excel + Docs)

- Built a milestone tracker in Excel to align task dependencies and reduce delays in deliverables.
- Helped organize documentation and sprint-level status updates for weekly review cycles.

EDUCATION

Bachelor of Technology (2021 - 2025)

Major: Artificial Intelligence and Data Science
Poornima College of Engineering, Jaipur
CGPA - 7.6/10
