---

## EXPERIENCE

---

### Product Manager Intern

March 2025 –Present

#### ASAR

- Conducted API testing and load testing for the **Yoursay App**, a **fantasy gaming and opinion trading platform**.
- Worked closely with the development team to ensure sprint alignment with user stories and product requirements.
- Prepared API documentation, PRDs, and detailed test cases to streamline app development and ensure feature clarity across teams.

### Operations executive

January 2025 –February 2025

#### 10 Times

- Created **daily, weekly, and monthly MIS reports** using **MS Excel** for performance tracking.
- Resolved **Zendesk tickets**, ensuring prompt issue resolution and customer support.
- Managed a specific **product aspect**, optimizing workflows and improving efficiency.

### Data Analyst Intern

#### Pinnacle Infotech

January 2024 –September2024

- **Egnyte Dashboard Creation:**

- Prepared and transformed raw data using **ETL** processes and **SQL**, then developed and implemented dynamic dashboards with **AWS QuickSight** to analyze and monitor Egnyte subscription license.
- Streamlined the Egnyte license tracking process, leading to a 30% reduction in subscription costs.

- **Admin Console Dashboard Revamp:**

- Prepared API documentation, PRDs, and detailed test cases to streamline app development and ensure feature clarity across teams.

- **Project Filtering Dashboard:**

- Created dashboards to visualize project data trends, improving data-driven decision-making by 25%.
- Collaborated with cross-functional teams to ensure alignment of dashboard metrics with business objectives.
