

PRADEEP BATTULA

pradeepbattula123@gmail.com | +91-7569572656 | Palakol , India | 04 Sep 2003 | [Linkedin_Profile](#)

OBJECTIVE

- To secure an opportunity where I can make the best use of my skills and potential, contribute effectively to the organization's growth, and continuously enhance my knowledge through challenging assignments.

EDUCATION

S R K R Engineering College B.Tech in Electronics and Communication Engineering (ECE) Secured a CGPA of 8.79/10 .	2022 – 2025 Bhimavaram, India
Smt .B.Seetha Polytechnic Diploma in Electronics and Communication Engineering (ECE) - 96%	2019 – 2022 Bhimavaram, India
B R M V M High School SSC - Secured a CGPA of 9.8/10	2018 – 2019 Palakollu

TECHNICAL SKILLS

- Languages : Python, Java, SQL
- Machine Learning Algorithms
- Soft Skills : Time management, Excellent Communication
- HDL languages : Verilog
- Tools : Power Point, Excel, MySql

WORK EXPERIENCE

DSA Java Intern Henotics IT Solutions • Designed and implemented multiple Java-based data structures and algorithms. • Enhanced key functionalities to significantly improve performance in practical applications.	Jul 2023 – Sep 2023 Hyderabad, India
VLSI Intern IIDT Blackbucks • Gained hands-on experience with industry-standard tools like Cadence for RTL coding, synthesis, and simulation in a software environment. • Built a solid foundation in IC design through software-based chip design processes.	May 2024 – Jul 2024 Remote, India

PROJECTS

Alcohol Detection & Parking Assistance System Using IoT • Developed a driver safety system using MQ-3 sensor, Arduino, GSM, and GPS modules. • Triggered buzzer alert and sent SMS with real-time location if alcohol level exceeds threshold. • Integrated ultrasonic sensors to assist in parking and prevent collisions. • Achieved 90% detection accuracy.	Jan 2025 – Apr 2025
MUSIC PLAYLIST MANAGEMENT • Utilized multiple Data Structures and Algorithms (DSA) in Java for developing this project. • Optimized playlist operations, improving performance significantly. • Enhanced user experience by implementing an efficient playlist management system.	Jul 2023 – Sep 2023
VOTING MACHINE • Developed a voting machine using Verilog HDL • Simulated and verified logic in a software environment. • Strengthened skills in digital system design and improved overall efficiency	May 2024 – Jul 2024

CERTIFICATES

Python Essentials 1 | CCNA — Completed 20+ hours of training with a 90%+ assessment score.

Oracle SQL Certification | Great Learning — Completed 10+ hours of training with a 90%+ assessment score.

SRKR Orator Championship Winner

INTRESTS & HOBBIES

- Reading Books
- Listening music
