Profile Summary

- Dynamic and detail-oriented professional with 12+ months of cross-functional experience in market research, and logistics operations. Adept at analyzing data, optimizing workflows, and supporting AI training processes. Proven track record of improving operational efficiency and delivering high-quality results, including maintaining a 98% OTP FAD rate at Xpressbees. Quick learner with strong analytical and organizational skills.

Skills

- Forecasting & Trend Analysis
- Advance Excel: (Advanced formulas, PivotTables, VLOOKUP, HLOOKUP, Conditional Formatting, Data Validation, Data Cleaning.)
- Strategic Planning
- Requirement Analysis (BRD, SRS)
- Microsoft Power BI
- Tableau
- Problem Solving & Decision Making
- Supply Chain & Logistics Coordination
- KPI Reporting & Dashboarding
- Process Optimization
- ERP Systems
- STLC & Testing Strategy

Experience

- **Xpressbees logistics Pvt Ltd** 20/7/2024 - 11/4/2025
Operation Executive
 - Led strategic central operations initiatives, including stock management, inbound/outbound logistics, and process optimization, resulting in improved efficiency and enhanced service delivery across key functions.
 - Collaborated closely with cross-functional departments—logistics, planning, and customer service—to streamline workflows, reduce delivery turnaround time (TAT), and drive overall supply chain performance.
 - Oversaw the Returns (RTO) and Direct-to-Origin (DTO) functions, ensuring timely and accurate processing that significantly reduced reverse logistics costs and improved recovery rates.
 - Designed and delivered client-facing dashboards using Power BI and advanced Excel tools to support regular performance reviews, data-driven decision-making, and stakeholder communication.
 - Conducted detailed analysis of key performance indicators (KPIs), identifying performance trends and process bottlenecks, and recommending targeted improvements to boost operational output.
 - Developed and maintained performance reports and visual dashboards to support strategic planning and executive-level decisions.
 - Achieved and sustained a 98% On-Time Performance (OTP) and First Attempt Delivery (FAD) rate, contributing to improved SLA compliance and elevated client satisfaction levels.
- **Allied analytics pvt Ltd** 02/09/2022 - 02/11/2022
Market research analyst
 - Conducted research to understand the market research paper buying process across top firms globally.
 - Collected and analyzed data from various sources to meet client-specific requirements.
 - Utilized multiple platforms to gather relevant market information and insights.
 - Engaged with leads to gather primary data, ensuring the accuracy and relevance of the information collected.

59.40% | 2016 |

Projects

- **Study on Attributes of Electric Vehicles with Reference to Allied Analytics LLP Clientele**
 - The study explores the attributes of electric vehicles (EVs) across different brands.
 - It aims to understand how these factors affect the performance of EVs.
 - Key factors analyzed include:
 1. Efficiency
 2. Powertrains
 3. Range
 4. Top speed
 5. Body styles of electric vehicles.
- **Analysis of Primary and Secondary Market Research**
 - Worked as a Primary Market Research Intern.
 - Conducted a survey to understand the market research paper buying process in top firms worldwide.
 - Worked with both primary and secondary research data to gather insights.

Activities

- Event Planning Committee Member – Darpan Event, MIBM College. Helped plan and organize the Darpan event at MIBM College. Gained valuable experience in teamwork, coordination, time management, and solving problems during the event.

Objective

I seek challenging opportunities where I can fully use my skills for the success of the organization.
