SKILLS

SUMMARY

Recent MBA graduate specializing in Finance and Business Analytics, with hands-on internship experience in financial reporting, data analysis, and regulatory compliance. Proficient in IFRS 15, regression analysis, and cash flow management. Demonstrated ability to translate data into actionable insights and support strategic decision-making. Known for a proactive, analytical mindset and a strong commitment to continuous learning. Eager to contribute to a forward-thinking organization by delivering measurable value through data-driven financial solutions.

EXPERIENCE

Business Operations Associate Feb 2025 - Mar 2025
Tecmetaverse Solutions LLP (Pune,Maharashtra)

- Assisted the HR team in executing daily operational tasks, ensuring smooth workflow and timely completion.
- Supporting management personnel with various assigned responsibilities.
- Managed administrative duties during office hours to maintain an organized and efficient work environment.
- Contributed to the seamless coordination and execution of internal processes across departments.
- Performed task-based activities with a focus on operational efficiency and team collaboration.

Finance and Accounting Intern Dec 2024 - Jan 2025
Tecmetaverse Solutions LLP (Pune,Maharashtra)

- Prepared and maintained Balance Sheets** to deliver an accurate snapshot of the company's financial health, supporting strategic decision-making.
- Compiled Trading and Profit & Loss Accounts**, providing clear insights into revenue performance, cost structures, and overall profitability.
- Developed comprehensive Cash Flow Statements**, ensuring effective monitoring of liquidity, operational efficiency, and financial sustainability.
- Ensured precision and regulatory compliance** across all financial statements in alignment with standard accounting principles and best practices.

Management Trainee May 2023 - Aug 2023
Siemens Limited (Pune,Maharashtra)

- Contributed to the Pune Metro Line-3 project** during my internship at Siemens Mobility, supporting core commercial and project functions.
- Performed data analysis using regression techniques in Microsoft Excel**, delivering actionable insights to aid project-related decision-making.

- **Maintained and updated records on labour law rates**, ensuring compliance with statutory requirements and supporting accurate cost assessments.
- **Gained hands-on exposure to construction project risks**, including cost overruns, scheduling challenges, and mitigation strategies.
- **Developed foundational knowledge of IFRS 15**, understanding its application in infrastructure projects and revenue recognition.
