EDUCATION

IIT Patna

Product Management & Agentic AI

May 2025 – Pursuing

Symbiosis Skills and Professional University, India

Master of Science in Data Science

Jul 2022 - Sep 2024

CGPA: 7.9/10.0

RJSPM Pune University, India

Bachelor of Science in Computer Science

Jul 2019 - Aug 2022

CGPA: 8.2/10.0

EXPERIENCE

BBarTERS

Feb 2025 - Present

Business Analyst

Remote, Paris

- Automated internal workflows using Python and Google Apps Script, reducing manual data entry and communication tasks by over 60%, leading to faster turnaround and improved team efficiency.
- Developed scheduled dashboard automation using Google Sheets, Apps Script, and Google Data Studio, delivering weekly performance insights to stakeholders with zero manual effort, saving 5+ hours/week.
- Designed and implemented business growth strategies, optimizing operational workflows and improving efficiency by 15%.
- Analyzed performance metrics to identify trends, leading to a 20% improvement in key business decisions.

PieStudy

Sep 2024 – Jan 2025

Associate Machine Learning & AI

Goa, India

- Developed and optimized AI/ML models, improving prediction accuracy by 20%.
- Implemented data preprocessing and feature engineering, reducing data inconsistencies by 30%.
- Researched and applied machine learning techniques, enhancing product functionality and performance.
- Collaborated with cross-functional teams, integrating AI solutions that increased workflow efficiency by 25%.

BetterWalls

Jan 2024 - Jul 2024

Business Analyst, Intern

Pune, India

- Led market research and competitor analysis to refine pricing strategies, improving lead conversions by 12%.
- Designed and implemented 10+ analytical reports, providing key insights for strategic decision-making.
- Spearheaded process automation efforts, reducing reporting time by 50% and manual effort by 35%.
- Engaged with 5+ stakeholders to streamline operations and enhance business process efficiency.

Upscalla

Jun 2023 - Dec 2023

Data Analyst, Intern

Pune, India

- Analyzed e-commerce data, optimizing ad campaigns and increasing conversion rates by 15%.
- Developed 5+ interactive dashboards, improving real-time tracking of key performance indicators.
- Conducted customer behavior analysis, leading to a 20% boost in targeted marketing efficiency.
- Automated data cleaning processes, reducing manual effort by 40% and improving data accuracy.

TECHNICAL SKILLS

Programming Languages: Python

Database Management: MySQL, Oracle

Tools & Platforms: Power BI, Power Apps, Power Automate, MS- Excel, Azure

Technologies & Frameworks: Machine Learning, Deep Learning, Artificial Intelligence, Hadoop, Langchain, Data Analysis Libraries

Mathematics & Theoretical Foundations: Probability & Random Processes, Optimization, Number & Game Theory

CERTIFICATIONS

Microsoft Certified: Power Platform Fundamentals (PL-900)

Certified Dataiku Core Designer Certification

The Complete SQL Bootcamp: Go from Zero to Hero, Udemy

Certified Basics Microsoft Power Bi, SSPU

Certified Dataiku Advanced Designer Certification

PROJECTS

Data-Driven Ad Campaign Optimization

- Developed a data science framework for Upscalla's restaurant recommendation system to optimize e-commerce ad campaigns. Utilized regression analysis on over 100,000 customer data points to enhance ad targeting, resulting in a 15% increase in conversion rates. Designed customer segmentation algorithms to improve recommendations and user engagement, contributing to scalable campaign performance analysis and decision-making.

Chatbot Development with Retrieval-Augmented Generation (RAG)

- Developed a RAG-based chatbot integrating a vector database for real-time, context-specific query resolution. Optimized embeddings for better search precision in large-scale knowledge repositories. Improved response accuracy by 30% and reduced query resolution time by 25%, boosting efficiency and user satisfaction.

POSITIONS OF RESPONSIBILITY

MLimkar Photography:

- Successfully managed an industrial photography business for five years, showcasing my entrepreneurial prowess in business planning, client engagement, and project execution.
- I had the privilege of working with esteemed clients such as Mercedes, Mahindra, KSB, PALL, Cytiva, Brose, Force Motors, Sharp Engineers, and many more. My expertise in delivering tailored photography/videography and marketing solutions ensured exceptional image quality.
