OBJECTIVE

- Seek a challenging environment that encourages continuous learning and exposure to new ideas in the areas of software, thereby stimulating personal and professional growth.

EDUCATION

CDAC Pune

2025

PG-DAC- Grade - A

pune, India

Sir Visvesvaraya Institute of Technology, Nashik

2023

Bachelor Of Engineering (Computer Engineering)- CGPA - 7.95

Nashik, India

R.B.Narayanrao Borawake College, Shrirampur

2019

12th Exam - Percentage - 60.40%

Shrirampur, India

COURSEWORK / SKILLS

- Data Structures & Algorithms
- Network Security
- Data Science
- Web Development
- Operating Systems
- Database Management System (DBMS)
- OOPS Concept

PROJECTS

Third Eye for Visually Impaired using Echolocation Technology | Python, CNN, ML

- This implementation allows a blind person to walk freely, comfortably, and confidently.
- Accurate detection of obstacles reduces the risk of collisions and accidents, enhancing the overall safety of the user.
- Integration with GPS for navigation assistance, providing turn-by-turn directions.

A Movie Recommendation System | Python, ML, Flask, HTML, CSS

- This application Provides all the details of the requested movie such as overview, genre, release date, rating, runtime, to cast, reviews, recommended movies, etc.

Online HomeHelper Booking System | HTML, CSS, React, MSSQL, C(Ms.Net)

- Developed a platform that connects users with skilled professionals for household tasks like cleaning, cooking, and babysitting. The system features an easy-to-use interface, verified profiles, real-time updates, and a simple booking process. Users can choose their preferred time, and a trusted helper will arrive at the specified location. Key features
