

DIVYA PRATAP SINGH

Navi Mumbai, Maharashtra

E: prinsingh88@gmail.com — L: www.linkedin.com/in/divya-pratap-singh-/ — P: +91-8720054049

SUMMARY

A highly motivated B.Tech graduate in Computer Science with a specialization in Artificial Intelligence and Machine Learning, aspiring to begin career in Software Engineer and Business Analyst roles. Skilled in Python, SQL, and data analysis, with a strong foundation in statistical modeling and visualization. Eager to apply my technical foundation and structured communication skills to support data-informed decisions and contribute to impactful business strategies.

EDUCATION

Gyan Ganga Institute of Technology and Sciences
Bachelor of Technology in Computer Science (AIML)
CGPA: 8.05

2020 – 2024
Jabalpur, India

INTERNSHIPS

Cisco Virtual Internship Program, Cisco Networking Academy
Organized by AICTE, a digital skilling initiative by NASSCOM and MeitY.

2022

PROJECTS

Sign Language Recognition

- Created a website to convert Indian Sign Language (ISL) into text using deep learning for communication aid.
- Built CNN model achieving 90%+ accuracy on ISL gestures.
- Enabled real-time video input for instant sign-to-text conversion.

Diabetic Retinopathy Detection

- Built a web application (WeCare) that analyzes retinal images and detects diabetic retinopathy using ML.
- Improved detection accuracy using image preprocessing techniques.
- Implemented user-friendly interface for easy image upload and result display.

Mental Health Prediction Model

- Predicted mental health issues in students from questionnaire responses using ML models: SVM, XGBoost, Random Forest.
- Achieved high precision and recall by tuning hyperparameters.
- Visualized model results to help stakeholders understand risk factors.

SKILLS

- Programming: Python, C++, SQL, HTML, CSS
- Concepts: OOPs, DBMS, Machine Learning, Deep Learning
- Soft Skills: Active Listening, Leadership, Problem-solving, Effective Communication, Adaptability

CERTIFICATIONS

- Programming Essentials in C++ – Cisco Networking Academy (2022)
- Google IT Automation with Python Professional – Google (2023)
- AWS Academy Machine Learning Foundations – AWS (2023)
- Front End Development - HTML – Great Learning (2023)
- HTML Attributes and Tags – Great Learning (2023)

LANGUAGES

English (Proficient), Hindi (Fluent)
