Summary

A Btech CSE graduate in Artificial intelligence and Machine learning. I am looking for a role that allows me to learn and grow & perfecting my skills in Artificial intelligence & machine learning, python, Data science, Computer Vision. I have hands on experience with projects involving Artificial Intelligence & machine Learning, Generative AI, computer vision, and creating Machine Learning models.

Projects

Language Translation Tool: - A translation tool which translates Indian vernacular languages to English

- Translates Indian Languages like Marathi, Gujarati, Odia and Hindi into English
- **Tools Used:** - Python, Nlp, TensorFlow, NumPy, Sk learn, Matplotlib

Generative Ai: - Implemented a Text-to-Image Generating system using Stable diffusion Pipelines to generate desired image of given textual description

- **Tools Used:** - Python, Numpy, Diffusers, Torch, PIL-stabilityai/stable-diffusion-xl-base-1.0
- **Link - [Gen AI Project Link](#)**

Text Summarization Tool: - A tool to summarize your whole PDF document in 50 lines

- **Tools Used:** - Python, Transformers, PyMuPDF, Torch.
- **Link – [Summary Tool Link](#)**

Skills

SKILLS

- Programing languages: - Python, Basic java, C programing.
- Artificial Intelligence: - Machine learning, Machine learning algorithms, Image generation, Mode tuning, Pipeline implementation
- Database: - SQL

Course work

Machine learning | Python | Data structures | Object oriented programing | Operating systems

Education

Dy Patil International University Akurdi Pune	2020-24
Bachelors of Technology In Computer Science Enggining (Artificial intelligence and Machine learning)	
6/10 CGPA	
DP Mehta Jr Collage Lonavala	2020
Higher secondary education (59%)	
Adv. Bapusheb Bhonde High School Lonavala	2018
Secondary Education (58%)	

Interests

A tech enthusiast likes to know about new upcoming technologies in our day to day life, A passion for cricket , In mean time like to read and sometimes write.

Certifications

Introduction To Internet Of Things (IOT), NPTEL
Jan 24 – Apr 24 (78%)
