Motivated and detail-oriented data enthusiast with strong analytical skills and a deep understanding of data analysis techniques. My experience in learning tools such as Excel and MS SQL Server along with knowledge of data visualization (Power BI), equips me to uncover valuable insights and support business decisions. Eager to apply my Data analysis knowledge and problem-solving abilities to contribute to meaningful data-driven projects.

EDUCATION

B.E Civil Engineering | Birla Institute of Technology, Mesra

- CGPA: 7.59
 - Year: 2017-2021
-

PROJECTS

Bike Sales | MS SQL SERVER

- Retrieved all the important columns from the tables to do further aggregations and analysis.
- Then I did Customer aggregation and Product aggregation to summarize the key metrics at customer and product level respectively for their report.
- At last I combined all customers queries and product queries for their each reports and also calculated some measures like Average Order Revenue (AOR) and Average Monthly Spend.

Pizza Sales Analysis | MS SQL Server & Power Bi

- Analyzed key performance indicators for their pizza sales data to gain insights and overview of their business performance.
- Performed all queries in SQL Server to find important and valuable KPI's and Charts for the pizza sales.
- Made an Interactive dashboard in Power Bi with all KPI's of revenue, quantity, pizza orders etc , sales trend charts and Top and Bottom 5 Pizza by revenue, quantity and total orders

Vrinda Store | MS-Excel

- Vrinda store wanted to create an annual report for 2022. So that, Vrinda can understand their customers and grow more sales in 2023
 - I did data cleaning ,data processing and finally made Dashboard which showcased highest sales and orders, top 5 states who contributed to the sales and many more insights.
 - Then shared my Insights and conclusion to Vrinda Store.
-

SKILLS

- Data Analysis - Microsoft-Excel ,SQL ,Power Bi
- Data Visualization - Power BI(Advanced), Excel pivot charts(Advanced)
- Tools - SQL Server, MS Excel
