ABOUT ME

Detail-oriented and analytical Data Analyst eager to thrive in fast-paced environments by transforming complex data into meaningful insights. Skilled in data interpretation, visualization, and modeling to support strategic, data-driven decision-making. Known for strong collaboration, clear communication, and a creative approach to solving problems. Committed to continuous learning and delivering accurate, impactful results through teamwork and critical thinking.

EDUCATION

2021-2025	Bachelor of Technology in Data Science USHA MITTAL INSTITUTE OF TECHNOLOGY- SNDT UNIVERSITY, MUMBAI
2019-2021	Higher secondary- HSC Science SARDAR VALLABHBHAI PATEL JUNIOR COLLEGE OF SCIENCE AND COMMERCE, MUMBAI
2018-2019	Secondary school- SSC ST. FRANCIS HIGH SCHOOL, MUMBAI

PROJECTS

- **Data Analysis with Visualization using Python**

Developed comprehensive data visualizations using Python on a hotel booking dataset by executing key data analysis processes including acquisition, cleaning, filtering, exploratory data mining, and interactive representation to uncover booking trends and patterns.

- **Data Visualization using Tableau and Microsoft Power BI**

Performed in-depth analysis on the Music dataset using Tableau and Power BI to uncover key insights and trends, presenting findings through interactive dashboards to support data-driven decision-making.

- **Virtual Try On**

Designed and developed a virtual try-on tool by analyzing and implementing techniques ranging from basic image processing to advanced computer vision methods. Conducted data-driven experimentation across categories including cosmetics (lipstick, eyeliner), jewelry, and apparel (T-shirts), and extended the solution to suit traditional Indian wear such as Kurtis. Applied iterative testing, model evaluation, and performance analysis to enhance user experience and improve accuracy.

SKILLS

- **Languages & Tools:** SQL (MySQL), Python, C++, Excel, Tableau, Power BI, LabelMe
- **Data Analysis:** ETL Processes, Data Cleaning and Visualization, Technical Writing and Research
- **AI/ML:** Natural Language Processing (NLP), Neural network and Deep Learning, Machine learning
- **Soft Skills:** Effective Communication, Team Collaboration, Attention to Detail, Creativity

ACTIVITIES AND CERTIFICATIONS

- **Representative in ACM-W Students Chapter:** Responsible for part of both Creativity and Sponsorship teams for organizing and managing events.
- **Research Paper:** Enhancing Virtual Try-On – IEEE
- **Project Certification:** Aavishkar – Virtual Try-On
- **Power BI Certification** – Simplilearn
