Tech support professional with 1+ years of experience at CGI, proficient in SQL, OSS, Helix, and MS Dynamics. Strong in project development, team leadership, and problem-solving, with expertise in managing the Eggplant INOC dashboard.

EXPERIENCE

CGI, Associate Software Engineer

Jun 2022 – Sep 2023

- Monitor and troubleshoot technical issues in systems using tools like Helix, OSS, and Putty, ensuring minimal disruption to project workflows.
- Collaborate with cross-functional teams to support project development and provide technical solutions using SQL and MS Dynamics.
- Manage and update databases (DB132, DB122) by querying and performing routine maintenance to ensure data integrity and performance.
- Lead team meetings and provide guidance on technical challenges, ensuring the smooth resolution of issues and maintaining project timelines.
- Utilize Eggplant INOC dashboard to monitor system performance, analyse metrics, and generate reports for stakeholders.
- Ensure effective communication with stakeholders, providing technical support, status updates, and troubleshooting assistance as required.
- Work with Workflow Manager to streamline and automate processes, ensuring efficient task execution and resource allocation.

Network Executive, GTPL Hathway

Apr 2024 –
Present

- Monitor network performance using network management tools to ensure optimal connectivity and uptime for all systems.
- Troubleshoot and resolve network issues related to connectivity, bandwidth, and hardware, coordinating with technical teams as necessary.
- Configure and maintain network devices such as routers, switches, firewalls, and access points to ensure secure and efficient network operations.
- Perform routine network health checks and ensure compliance with security protocols, including software updates and patches for network infrastructure.

EDUCATION

Techno India University, West Bengal

Aug 2018 – Jun 2022

- B. Tech - Electronics/Telecommunication. **CGPA: 7.00/10**
- Coursework: C Programming, Data Structure & algo, Introduction to Database, Software Engineering Concepts.
- 12th Standard (Intermediate) education. **Percentage: 64.9/100**
- Main Coursework: Physics, Chemistry, Mathematics, English.

SKILLS

Programming Languages – C++, Java, Python, BASH, SQL, HTML, CSS

Frameworks and tools – Eggplant, Putty, Router Configuration, INOC Dashboard.

Database – Oracle,
