Education

Jain College of Engineering and Technology (8.6 CGPA)

Bachelor of Engineering in Electronics And Communication

2021 – 2025

Hubli, Karnataka

KLE's P.C. Jabin PU Science College (85.5%)

Core Computer Science - Karnataka Pre-University

2019 – 2021

Hubli, Karnataka

Experience

Jain College of Engineering and Technology

11 Oct 2022 – 11 Nov 2022

Internship - Applied Electronics Circuits Demonstration And HTML Programming

- I acquired practical experience in building, and demonstrating applied electronic circuits.
- HTML programming skills were enhanced through practical projects.

Projects

Real-Time Weather Data Pipeline

- Built a complete weather data pipeline integrated with a user-friendly frontend dashboard
- Implemented API-based live weather data fetching, data transformation, and storage
- Designed responsive UI to display weather details and recent searches dynamically
- Deployed project using Render for real-time access.(Link:- <https://real-time-weather-data-pipeline.onrender.com>)

Employee Attrition Analysis Report

- Designed a dynamic Power BI dashboard to analyze employee attrition using data from 74K+ records.
- Tracked key metrics such as attrition rate (47.47%), average monthly income, and tenure distribution.
- Built interactive visuals with filters for gender, job role, company size, and attrition status.
- Explored correlations between attrition and factors like overtime, remote work, job level, and satisfaction

Netflix Movie Data Analysis

- Analyzed movie genres on Netflix to determine the highest-rated, lowest-rated, and most frequently released genres.
- Implemented data visualization techniques to identify trends and patterns in movie ratings.

Word Guess Game Using Python

- Designed an interactive word-guessing game using Python, featuring random word selection and user interaction.
- Implemented logic for multiple guesses, hints, and score tracking.
- Utilized Python libraries like random and techniques such as string manipulation for game mechanics.

Tic Tac Toe Game

- Developed an interactive Tic Tac Toe game using HTML, CSS, and JavaScript.
- Implemented game logic, win detection, and a responsive UI.

Skills

- **Languages:** HTML, CSS, JavaScript, Python, SQL.
- **Technologies & Tools:** VS Code, Jupyter Notebook, MySQL, Oracle SQL *Plus, PowerBI, Git, Github , REST API, Render.
- **Framework/Modules:** Flask, Django, Numpy, Pandas, Matplotlib
- **Productivity Tools:** Microsoft-Word, Microsoft-PowerPoint.

Certifications

- Basics of High Performance Computing, Indian Institute of Technology, Dharwad | February 2024
- Python Fundamentals for Beginners - Great Learning | August 2023
- Applied Electronics Circuits Demonstration And HTML Programming, Jain College Of Engineering and Technology, Hubballi-31 | October 2022

Additional

Languages: English, Kannada, Hindi .

Hobbies: Playing Basketball and Chess, Listening to music
