

SHWETA MANE

Data Analyst

91+ 8530377119 | shwetamane900@gmail.com | [Linkedin](#) | [GitHub](#)

SUMMARY

Energetic E&TC engineering graduate having experience in Data Analytics in SQL, Python, Excel and Power BI. Skilled in transforming data into actionable insights. Strong problem-solving and visualization abilities. Ready to drive data-driven decisions.

TECHNICAL SKILL

Power BI - Have expertise in report and dashboard creation, DAX and Extract, Transform & Load in Power Query.
SQL - Data types, Queries, Subqueries, Joins, CTE, Window functions, Aggregate function.
Python - OOP, Data types, NumPy, Pandas, seaborn & Matplotlib.
Advance Excel - Pivot Table, Pivot Chart, Lookup Functions, Power Query, Excel Functions, Microsoft Power Point.

EXPERIENCE

WEAGILE SOFTWARE SOLUTIONS PVT LTD

Pune (India)

Data Analyst

Aug 2024- Feb 2025

- Optimized SQL queries and ETL processes, enhancing data extraction and analysis efficiency by 10%.
- Created and maintained interactive dashboards and reports in power BI, integrating data from various sources and improving insight delivery by 12%.
- Ensured data integrity and consistency in data warehousing, increasing data availability for analysis.
- Enhanced automation of data pipeline and statistical models, boosting routine task efficiency by 5%.

PROJECTS

Pizza Sales Dashboard

[Dashboard](#)

MySQL, Microsoft Power BI

- Designed a Power BI dashboard to understand the trends of Pizza Sales from January 2015 to December 2015.
- Worked on tools like MySQL, Microsoft Excel and Microsoft Power BI.
- Used SQL queries to derive profound insights from a vast dataset, leading to required outcomes.
- Added new measures to get insights required by stakeholders.
- Performed Data cleaning and Data Preparation for data-driven insights.
- Created an interactive Dashboard of the analysed data which contains charts for an easy understanding Microsoft Power BI.

Analysis Of 120 Years Of Olympic History

[GitHub](#)

- Leveraged pivot techniques to reorganize and present data, enabling clear and concise reporting of country wise medal counts and historical trends in different categories for each Olympic game
- Derived valuable insights from data analysis, including historical trends, country-wise performance, and athlete achievements.

EDUCATION

Sinhgad Academy Of Engineering

08/2018- 06/2023

Bachelor Of Engineering

CERTIFICATE

Data Analytics (6 Months Course)
