SUMMARY

Enthusiastic and detail-oriented engineering graduate with a passion for Python, AI/ML, and emerging technologies. Quick learner, eager to explore new tools and implement real-world solutions.

TECHNICAL SKILLS

Programming: Python, SQL

INTERNSHIP EXPERIENCE

- CodSoft Python Programming Intern** Dec 2023 – Jan 2024
 - Completed 4-week internship focused on Python programming and practical implementation.
 - InternPe AI/ML Programming Intern** Jan 2024 – Feb 2024
 - Gained exposure to AI/ML programming using Python.
 - Completed real-time tasks and projects remotely.
 - CodSoft Artificial Intelligence Intern** Feb 2024 – Mar 2024
 - Learned fundamentals of AI and implemented beginner-level AI applications using Python.
-

PROJECTS

- Automatic Number Plate Detection System**
Built a Python-based tool using image processing to detect and extract license plate details.
 - Personal Safety and Health Monitoring Device**
Integrated sensors to monitor health metrics and send safety alerts.
-

EDUCATION

B.E. in Electronics & Telecommunication	MESWCOE, Pune
CGPA: 7.16 – First Class	
HSC (12th)	S.V. Union Jr. College
Percentage: 82.33%	2021
SSC (10th)	Vision English Medium School
Percentage: 77%	2019

LANGUAGES KNOWN

English, Hindi, Marathi
