Education

- **MBA in Business analytics** 2026
Jawaharlal Nehru Technological University
- **Bachelor of Technology – Civil Engineering** 2024
Ideal Institute of Technology
8.57 CGPA
- **Diploma in Civil Engineering** 2021
Government Polytechnic for Women
93.92%

Technical Skills

- SQL | Python | Power BI | MS Excel | Agile Methodology | Mixpanel

Soft Skills

- Product Thinking | Analytical Problem-Solving | User Research Communication | Adaptability | Team Collaboration | Attention to Detail

Projects

- **Data Analytics & Product Insights**
 - SQL: Used SQL to explore datasets, identify trends, and understand user behavior.
 - Power BI: Built simple dashboards to visualize data and practice reporting skills.
 - Gained hands-on exposure to data interpretation for business use cases
- **Upraised Product Analysis**
 - Analyzed platform dataset to identify user drop-off trends and behavior patterns.
 - Suggested UI changes (auto-save, clearer navigation) to improve task completion.
 - Recommended engagement tactics like nudges and progress indicators.
- **KYC Process Improvement – User Onboarding**
 - Identified friction points in student KYC flow for EMI plans via UX research.
 - Proposed UI/UX enhancements (real-time validations, fewer upload steps).
 - Delivered a revamped flow to reduce drop-offs and improve activation.
- **Edible Teacups – Product Feasibility Research**
 - Conducted primary research with tea vendors to assess demand and usage barriers.
 - Collected data on pricing, market adoption, and capital investment needs.
 - Applied product thinking to validate business viability and go-to-market approach.
