Completed Bachelor's degree in Computer Engineering. Working with different cutting-edge technologies to expand expertise in software development and cybersecurity. Possesses knowledge of databases, cloud computing, and multiple programming languages.

SKILLS

- Front End – HTML5, CSS3, Javascript
- Back End - Python, Java, Networking, AWS
- Database - SQL, MongoDB
- Data & Machine Learning - Data Analysis, Machine Learning, Data visualization (Advanced excel, PowerBI, PowerQuery)
- Soft skills – Adaptability, Problem-solving, Teamwork, Work Ethic
- Languages – English, Hindi, Marathi

PROJECTS

Health Care Analysis using PowerBI

- Developed a comprehensive Health Care Analysis dashboard using Power BI to visualize and interpret key healthcare metrics. The objective was to provide actionable insights to support data-driven decision-making in a healthcare setting.
- Using Power BI's visualization tools and DAX formulas, I created interactive reports that showcased trends in patient outcomes, readmission rates, and resource utilization.

Sales Insights using SQL

- Utilized SQL to perform a comprehensive analysis of sales data, aiming to uncover valuable business insights and support strategic decision-making.
- I wrote complex SQL queries to extract, filter, and aggregate large datasets involving customer transactions, product categories, regional sales, and revenue trends.

SecureCyberSuite

- Developed a centralized cybersecurity analysis platform that performs real-time website security checks using web crawling techniques.
- The tool analyzes SSL certificates, DNS records, HTTP headers, cookies, redirects, and tech stack using Puppeteer and Wappalyzer.
- Designed a responsive React frontend with dynamic API integration and built RESTful APIs in Node.js with Express. Deployed using Netlify and Vercel. Focused on making cybersecurity accessible for non-technical users

EDUCATION

<u>Savitribai Phule Pune University • B.E – Computer Engineering</u>	(2025)	8.35/10.0 SGPA
<u>M.M.Polytechnic • Diploma – Computer</u>	(2022)	80.69 %
<u>Jai Hind High School & jr College • SSC</u>	(2019)	64.40 %
