

# Meera Solanke

Data Analyst

+918237326737 ◇ meeraa.solanke@gmail.com ◇ India

## SUMMARY

**Detail-oriented Certified Data Analyst** with hands-on experience in SQL, Python, Power BI, and Excel. Proven ability to clean, analyze, and visualize data to drive business insights. Adept at database management, report development, and creating interactive dashboards. Passionate about leveraging data to support strategic decision-making.

## WORK EXPERIENCE

### Data Analytics Intern, Trainity – Remote

May 2023 – Aug 2023

- Developed and optimized MySQL databases, improving query performance by 25%.
- Automated reporting processes using Python, reducing manual effort by 50%.
- Built Power BI dashboards to visualize trends, enabling data-driven decision-making.
- Cleaned and validated large datasets using pandas and SQL.

## EDUCATION

### B.Sc. in Computer Science, MGM University – Sambhajinagar, India

2022 – 2025 | CGPA: 8.0+

### HSC (Science) – State Board, India

2020 – 2022 | Score: 77%

### SSC – State Board, India

2019 – 2020 | Score: 96.4%

## CERTIFICATIONS

Data Analytics Internship – Coursera | Jan 2024

Python for Data Science – Coursera | Dec 2023

SQL for Data Analysis – Coursera | Nov 2023

## PROJECTS

### Instagram User Analytics – SQL

- Developed a MySQL database to store Instagram-like user, post, and interaction data.
- Used SQL queries with joins, aggregations, and window functions to analyze engagement metrics like likes, comments, and user activity.
- Delivered insights into user behavior and post popularity trends.

### Operations Analytics – SQL

- Analyzed operational metrics to investigate sudden spikes in job failure rates and response times.

### Student Result Analysis – Python

- Processed and analyzed student academic performance using Python libraries such as pandas and matplotlib.
- Conducted subject-wise and student-wise performance tracking, highlighting key improvement areas through visualizations.
- Automated summary generation to support educational decision-making.

### Vrinda Store Sales Analysis – Excel

- Performed data cleaning, transformation, and trend analysis of retail store sales data.
- Built Excel dashboards to provide insights into revenue growth, inventory turnover, and product category performance.

### HR Analytics Dashboard – Power BI

- Cleaned and processed employee data using Power BI's Power Query Editor.
- Created calculated columns and DAX measures to analyze attrition rate, employee count, and average tenure.
- Designed an interactive dashboard with charts, filters, and slicers to visualize HR metrics and identify trends.

## SKILLS

**Programming & Data Analysis:** Python, SQL, Pandas, Numpy

**Data Visualization:** Power BI, Excel (Dashboards, Pivot Tables)

**Tools:** MS Excel, PowerPoint, Google Sheets, Zoom, Microsoft Teams

**Soft Skills:** Strong written and verbal communication, Problem-solving, Team collaboration

## AWARDS & ACHIEVEMENTS

Silver Medal, Gold Medal– IMO, IEO, NSO

Merit Holder – Homi Bhabha Young Scientist Exam
