SUMMARY

A highly motivated and detail-oriented recent graduate with a strong foundation in business process analysis and project coordination. Proven ability to gather and document business requirements, support the creation of process documentation, and collaborate effectively with cross-functional teams in a fast-paced environment. Eager to apply strong analytical thinking and a passion for learning to contribute to client success as a Business Analyst Intern.

PROFESSIONAL EXPERIENCE

Inspacco - Pune, Maharashtra |

Dec 2024 - Present

Assistant Manager (Growth & Strategy) | Project Lead

- Spearheaded the end-to-end national launch of **500+** service centers for a major EV client (OLA); led a **30-member** team and onboarded over **350+ new vendors** in one week, improving overall project delivery speed by **15%**.
- Partnered directly with the Founder to drive growth strategy; developed financial models and designed scalable SOPs, including a tech-enabled vendor onboarding process that automated communication workflows for over **1,000+ vendors** and enabled expansion into **15+ new markets**.
- Leveraged SQL and Power BI to build operational dashboards and analyze profitability data, providing key insights that informed high-stakes cost-reduction initiatives and improved operational decision-making.
- **Gathered and documented business requirements** from stakeholders for a national program rollout, translating them into actionable plans and detailed Standard Operating Procedures (SOPs).
- **Participated in client meetings** to understand needs, take detailed notes, and ensure alignment between project deliverables and client expectations.
- **Coordinated with cross-functional teams**, including operations and technology, to ensure the smooth execution of a project impacting over **500+** locations.
- **Tracked project deliverables and timelines** using project management tools, preparing regular status reports and presentations for senior leadership.
- **Conducted secondary research and competitor analysis** to support strategic planning and identify opportunities for process improvement.
- Assisted in basic User Acceptance Testing (UAT) for new process rollouts, ensuring they met the documented requirements.

PROFESSIONAL SKILLS

- **Business Analysis:** Requirements Gathering, Business Process Analysis, Process Documentation (SOPs), User Flow Concepts, Stakeholder Management, Competitor Analysis.
- **Project Management Tools:** MS Project, Trello, Jira (Familiarity), Asana.
- **Technical & Data Skills:** Advanced Excel, SQL, Power BI, PowerPoint, Google Workspace.

KEY ACHIEVEMENTS & LEADERSHIP

- **Winner, Solar Decathlon India 2024:** Led a multi-disciplinary team to a first-place national victory, showcasing project leadership and an innovative approach to problem-solving.
- **1st Prize, Indian Concrete Institute (ICI) National Competition:** Secured first place for developing an innovative green concrete mix design, demonstrating a commitment to technical excellence.

EDUCATION

B.R.A.C.T.'S Vishwakarma Institute of Information Technology - Pune, Maharashtra
