Education

Masters Of Computer Applications

July 2023 - June 2025

Lovely Professional University

GPA 8

Bachelor Of Computer Applications

July 2021 - July 2023

Lovely Professional University

GPA 8

Relevant Coursework

- Data Structures
- Algorithms Analysis
- Artificial Intelligence
- Systems Programming
- Software Methodology
- Database Management
- Internet Technology
- Computer Architecture

Experience

OPEN Financial Technologies

Nov 2024 – May 2025

Data Analyst Intern

Bengaluru, Karnataka

- Engaged with enterprise clients like **HDFC Bank** and **Axis Bank**, gathering business requirements and supporting stakeholder communication.
- Analyzed operational data using **SQL**, **Python**, and **Excel** to derive insights and enhance decision-making processes.
- Built interactive dashboards in **Power BI** to track KPIs, improve transparency, and support business reviews.
- Assisted in creating Business Requirement Documents (BRDs) and collaborated with cross-functional teams to ensure requirement traceability.
- Cleaned, validated, and transformed data from multiple sources, ensuring consistency and actionable insights.
- Supported internal teams with ad-hoc reporting and performance analysis to improve customer experience and service delivery.

Projects

Walmart Sales Data Analysis | *Python, Pandas, Matplotlib, SQL*

Mar 2025

- Analyzed Walmart sales data to uncover revenue trends, seasonal patterns, and product performance.
- Used SQL for data cleaning, filtering, and aggregation across multiple store locations.
- Performed exploratory data analysis (EDA) using Python libraries for visual insights.
- Generated actionable insights to support inventory management and boost sales.

Ola Ride Data Analysis | *SQL, Excel, Power BI*

Feb 2025

- Analyzed Ola ride data to identify patterns in demand, revenue, and customer satisfaction.
- Cleaned and transformed data using SQL, handling missing values and inconsistencies.
- Built Excel pivot tables for revenue forecasting and peak-hour ride analysis.
- Created an interactive Power BI dashboard with KPIs, heatmaps, and time-series insights.

Sales Dashboard Development for Blinkit | *Power BI, DAX*

Jan 2025

- Built a Power BI dashboard for real-time sales monitoring and decision-making at Blinkit.
- Implemented DAX formulas for advanced KPIs and performance calculations.
- Integrated multiple data sources to ensure automated and accurate reporting.
- Designed visualizations to analyze sales trends, customer behavior, and operational efficiency.

Skills

Technical Skills: Python, SQL, C, HTML/CSS, JavaScript.

Developer Tools: Power BI, Jupyter Notebook, Git, VS Code, Tableau.

Databases: MySQL, SQL Server.

BA Documentation Tools: MS Excel, Wireframing, BRD preparation, SDLC understanding (Agile, Waterfall).

Soft Skills: Analytical Thinking, Problem Solving, Time Management, Stakeholder Communication, Attention to Detail.

Leadership / Extracurricular

Tech Club

President

Spring 2023 – 2025

LPU

- Organized workshops, hackathons, and coding competitions, helping the club achieve a 30% growth in membership.
