PROFESSIONAL EXPERIENCE

Business Analyst Trainee

CompuCom-CSI Systems

01/2025 – 06/2025

Pune, India

- **Analyzed service request data (REQ, RITM, SCTASK)** across multiple teams to identify performance gaps, recurring issues, and opportunities for process improvement.
- **Built Excel-based dashboards and trackers** to visualize key metrics such as shipment timelines, SLA adherence, and exception cases, supporting operational decision-making.
- **Streamlined service workflows using ServiceNow**, enabling efficient incident and request management, and reducing manual intervention through basic automation.
- **Collaborated with cross-functional stakeholders** including fulfillment, vendor, and support teams to manage escalations and ensure alignment with governance frameworks.
- **Prepared and validated monthly performance inputs** for governance forums, ensuring data quality, clarity, and relevance for leadership review.
- Supported internal reporting needs by extracting actionable insights from large data sets, aligning communication with strategic business goals.

Intern Business Analyst

Baobab IT Solutions

06/2024 – 01/2025

India

- Designed and maintained dashboards using **Excel** and **Power BI** to monitor resource allocation, project health, and team utilization across multiple projects.
- Conducted daily verification and data validation of resource plans, ensuring accurate project occupancy tracking and timesheet compliance.
- Collaborated with project managers, department heads, and stakeholders to optimize resource mapping and improve operational workflows.
- Performed root cause analysis to identify and resolve discrepancies in timesheet submissions, resource allocation, and project reporting.
- Prepared and delivered weekly client-facing reports and presentations summarizing project progress, resource utilization trends, compliance rates, and recommendations for improvement.
- Supported continuous process improvement initiatives by identifying inefficiencies in resource management practices and suggesting actionable solutions.
