Professional Summary:-

A motivated and detail-oriented computer science graduate with strong problem-solving skills and a passion for technology. Seeking an entry-level position in an IT company where I can apply my knowledge and skills to contribute to the success of the organization while gaining practical experience.

Education :-

Degree	Board/University	Pass out Year	Percentage/CGPA
B-Tech	Solapur University	2024	8.93
HSC	Pune Board	2019	65.69%
SSC	Pune Board	2017	70%

Technical Skill :-

Programming:-

HTML, CSS, JavaScript, Angular, JAVA, SQL, Servlet, JDBC, JSP.

Tools:-

Visual Studio Code, STS, GIT, Git-Hub, Postman.

Projects :-

Currency Converter:

- Technologies: JavaScript, REST APIs.
- Integrated an external API to fetch live exchange rates and implemented a user-friendly interface for selecting currencies and entering amounts.
- Added features like swap functionality and input validation for better usability.
- Optimized the application for performance and cross-browser compatibility, demonstrating strong API integration and frontend development skills with HTML, CSS, and modern JavaScript.

Food Zone Application:

- Developed a food ordering web application using Angular and TypeScript.
- Implemented AuthGuard services for authentication and authorization to restrict access.
- The home page displays multiple food items, allowing users to add items to the cart with a success message. The cart page shows ordered products with price, quantity, and total amount. Users can proceed to checkout, leading to an order success page before returning to the home page.

Professional Experience:-**Sathya Technology**

- Strengthening fundamental concepts of Java, including OOP principles, collections, and algorithms.
- Integrated with a server-side API to fetch data and dynamically display questions and answers in real-time.
- Implemented user-friendly conversational UI with ReactJS Hooks and components.
- Collaborated with backend developers to ensure seamless data flow and API integration.

Certifications :-

- Sathya Technology(java full stack training).
