

Siddhi Daga

Siddhi.Daga@outlook.com 9326665309 Mumbai

Education

Dwarkadas J. Sanghvi College of Engineering (DJSCE)

Bachelor of Technology in Electronics Engineering

Mumbai, 2020 - 2024

- Minor in Data Science.
- CGPA: 7.62

Vidyanidhi Jr College of Science

Higher Secondary School Certificate in Science

Mumbai, 2018 - 2020

- Subjects: PCM

Experience

WNS Analytics

Senior Associate

Pune, July 2024 - Present

- Optimized Excel VBA macros**, automating data processing and reducing manual effort while minimizing the risk of data loss.
- Enhanced **reporting accuracy** by identifying and correcting errors in mainframe output caused by manual input. (corrected values: **10-15Mn instead of 40Mn**.)
- Performed both ad hoc and scheduled SQL-based analyses** to support key business decisions and improve operational efficiency across departments.

WNS Global

Risk Analyst (Trainee)

Remote, March 2024 - May 2024

- Automated detection of redundant phone numbers** on vast client data by developing python scripts which led to streamlined identification of potent fraud cases.
- Conducted Network analysis for fraud detection on the vendor side, identifying and **mitigating 25% more fraudulent activities**.
- Reduced fraudulent activity by 30%** through market research, risk management initiatives, and development of fraud detection rules.

Agrahyah Technologies

Technology Analyst

Mumbai, July 2022 - Aug 2022

- Optimized **RESTful APIs** for the **Aawaz** product subsidiary, boosting query performance with **PostgreSQL** and improving response speed by **15%**
- Implemented new API routes for introducing application features for extending user experience using Django Framework.

Projects

Non-Invasive Glucose Monitoring System

- Researched non-invasive glucose monitoring using NIR Spectroscopy and implemented deep learning for diabetic retinopathy detection, integrating ocular image analysis for disease progression

Skills

Python Libraries:

- NumPy
- Pandas
- scikit-learn

Databases:

- SQL
- My-SQL
- PostgreSQL

Visualization Tools:

- PowerBI
- Excel (VBA Macros)
- PowerPoint
- Sharepoint

Course Work

- DBMS
- Cloud Computing
- Operating Systems
- IOT
- Financial Markets
- Project Management

Certifications

Python Data Structures
- University Of Michigan

Description

Motivated and collaborative professional with strong teamwork skills and a deep curiosity for emerging technologies, driven to innovate and adapt in dynamic environments.
