

PUSHPENDRA MALI

Junior Data Scientist

✉ pushpendramali9545@gmail.com

Contact : 9595199705

in <http://linkedin.com/in/pushpendra-mali-5693771a4>

Address : Chinchwad , Pune

Skills

Software Skill

Jupyter Notebook | MYSQL | R | Microsoft Excel | Power BI | Tableau | AWS | Microsoft Power Point | Chatgpt | Microsoft Copilot

Programming Skill

Python | Data Visualization | Machine Learning | Deep Learning | Computer Vision | AI | Text Mining | ETL | NLP | Time Series Analysis | Statistical Modelling | Problem Solving | Data Analysis | Data Structures | Teamwork | Communication Skills | Event Management | NumPy | Pandas | SKlearn | Matplotlib | Tenserflow | PyTorch | OpenCV | Object detection

Work Experience

Marva AI

June 2023 - August 2023

Data Engineer Intern

Data Cleaning and Preprocessing
Feature Engineering and Transformation
Creating ETL Pipelines using Python and AWS Services
creating meaning insight for small retail store

Education

Master of Science in Data Science

Symbiosis Skills and Professional University	8.95 CGPA	2022- 2024
--	-----------	------------

Bachelor of Science in Computer Science

Savitribai Phule Pune University	68.5 %	2018 - 2021
----------------------------------	--------	-------------

Certifications

Machine learning using python - Udemy 2023

Skills :Python| Machine Learning | Deep Learning | Computer Vision

AWS - Symbiosis Skills & Professional University 2023

Skills :AWS S3 | AWS EC2 | AWS Glue | Athena

Projects

- **Sonar Data Classification for Underwater Object Detection Using Machine Learning**
Developed and optimized machine learning models (Logistic Regression, SVM, Random Forest) using sonar data to accurately classify underwater objects (stones vs. mines) with the highest accuracy achieved by Logistic Regression.
- **Heart Cancer Detection Using Machine Learning**
Applied machine learning algorithms (Logistic Regression, SVM, Random Forest) to classify heart cancer data, achieving superior accuracy with Logistic Regression.
- **Food and Beverage Sales Analysis Dashboard**
Created an interactive dashboard using Power Bi tool to analyze sales performance within the food and beverage sector, facilitating detailed insights into revenue trends, product performance, and salesperson contributions.
