

PANKAJ

pankajv9287@gmail.com | +91-9310269321 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Skills

- **Programming language** : C++ , javaScript
- **Computer Fundamentals** : Data Structure And Algorithm (DSA) ,Database Management System (DBMS) ,Object Oriented Programming (OOPS) , Computer Networking (CN) , **Structured Query Language (SQL)** , Software Engineering.
- **Web development** : HTML, CSS, Tailwind , React , Express.js , Node.js , MongoDB
- **Development Tools** : Vs Code , Git , GitHub , Postman

Projects

1. **STUDYNOTION: AN EDTECH PLATFORM** || *Tech Stack*: Tailwind, React, Node.js, MongoDB | [\[Live\]](#) (Jan- 2025)
 - Designed and developed a **fully functional** ed-tech platform that simulates a **real-world course marketplace**, allowing instructors to **create and manage multi-section courses** with rich content, while enabling learners to **explore, enroll, and track progress** through intuitive, **role-based interfaces**.
 - Implemented **robust role-based authentication** using **JWT** and **OTP verification**, providing **secure access control** and **personalized dashboards** for instructors and students, resulting in a **30% increase in user retention and engagement**.
 - Integrated **Razorpay** for **seamless payments** and **Cloudinary** for **efficient media uploads**, improving the course publishing workflow and leading to a **35% increase in successful transactions**.
 - Optimized platform performance using **Redux Toolkit**, **responsive UI** with **Tailwind CSS**, and **RESTful backend APIs**, achieving a **30% reduction in load times** and ensuring smooth, cross-device performance.
2. **SOCIAL FUSION** || *Tech Stack*: Node.js ,Express.js , MongoDB , Tailwind, React, Redux | [\[Live\]](#) (May-2024)
 - Developed a **real-time** social media platform featuring **instant messaging**, dynamic stories, and live notifications, improving average **user engagement** by 30%.
 - Engineered a **scalable in-house authentication system** with **OTP-based email/phone verification**, ensuring **secure, high-concurrency** access with support for **1000+ simultaneous logins**.
 - Implemented core features including **post management** (text, images, videos), **role-based access control (RBAC)**, and a robust **follow/unfollow system** with **real-time activity feeds**.
 - Optimized **database schemas** with **indexed queries** and **relational referencing**, reducing data retrieval times by 30% and enhancing system **scalability** and responsiveness.

Education

GB PANT DSEU OKHLA-1, Delhi, India

- B.Tech in Computer Science Engineering (CSE) | CGPA: 7.8 (2021 - 2025)

SARVODAYA VIDYALAYA, Delhi, India

- CBSE (Class XII) | Aggregate: 86.4% | (2019 - 2020)

Academic and Extracurricular Achievements

- Achieved 3-star rating on GeeksforGeeks with a contest rating above 1700 ([link](#)).
- Solved over 600+ DSA problems on [Leetcode](#) , [GFG](#) etc.
- Achieved a global rank of 1466 in CodeChef Starter 150.
