PROJECTS

Health Insurance Fraud Detection using Machine Learning | *Python, Scikit-Learn, Pandas*

- Developed a machine learning pipeline on 15k+ claim records; built an XGBoost model achieving 80% accuracy.
- Applied statistical feature engineering and pattern recognition to identify high-risk claims.
- Communicated insights through performance dashboards and risk reports.

Drug Recall Data Analysis | *Pandas, Numpy, Seaborn*

- Performed EDA on 10k+ FDA drug recall records; identified key risk patterns and root causes
- Uncovered high-risk drug categories and frequent recall classes through root cause clustering

Vendor Performance Data Analysis | *SQL, Python, Power BI, Reporting*

- Built SQL pipelines to analyze 8k+ vendor records; assessed delivery SLAs, defect rates, and cost variances.
- Identified vendor inefficiencies via KPI benchmarking and trend analytics
- Visualized findings to influence procurement decisions and contract renegotiations

SKILLS

- **Tools & Languages:** Python, SQL, Excel (Advanced), Power BI, Tableau, MS Office
- **Data Analysis:** Cleaning, EDA, Trend & Pattern Detection, KPI Tracking
- **Soft Skills:** Communication, Attention to Detail, Analytical & Critical Thinking

WORK EXPERIENCE

CSIR-Indian Institute of Toxicology Research, Lucknow

Research Intern – Food, Drug & Chemical Toxicology Laboratory

June 2023 – July 2023

- Investigated the effect of various drugs on cancer cell lines, focusing on changes in metabolic pathways.
- Performed key molecular biology techniques including transfection, live-cell imaging, western blotting, MTT assays.
- Automated experimental data analysis and visualization and drafted structured reports.

Rightway Charitable Trust, Bengaluru

Community development project

June 2022 – July 2022

- Conducted educational sessions on science and emerging technologies for underprivileged children.
- Managed donation drives and community outreach Programs to support educational and healthcare initiatives.

CERTIFICATIONS

- Applied Data & Business Analytics Micro-Degree Program | Jobaaj Learnings December – Present
- SQL | Jobaaj Learnings | [cert](#) June 2025
- Excel: Mother of Business intelligence | Codebasics | [cert](#) May 2025
- Hone Communication skills and Public Speaking | LPU | [cert](#) March 2025

ACHIEVEMENTS

- **Winner**, Intercollegiate Debate and GD Competitions – Consistently ranked 1st.
- **Anchor**, Louis Braille Association for the Blind – Successfully hosted the national level event for two consecutive years.
- **Event Manager**, The Modern Designers' Club – Led and coordinated multiple creative and professional events.
- **Content Writer**, LPU – Wrote engaging and informative articles and posts for the student club's social media.
- **Gold Badge**, HackerRank, SQL and Python.

EDUCATION

Lovely Professional University, Punjab

B.Tech. Biotechnology | CGPA - 8.2/10

2022 – Present

Kendriya Vidyalaya No.2 Armapur Kanpur

12th: 89.60%

2019 – 2020

Kendriya Vidyalaya No.2 Armapur Kanpur

10th: CGPA - 9.4/10

2017 – 2018
