Mumbai | +91-9326064578 | dhurisamiksha75@gmail.com | <https://www.linkedin.com/in/samiksha-dhuri-9a84b71b2>

Education

M.L. DAHANUKAR COLLEGE OF COMMERCE
BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY | CGPA: 8.55 | JULY 2023

Experience

JR. DATA ANALYST | COLOR PAPERS INDIA PRIVATE LIMITED | APRIL 2024 - PRESENT

- Developed real-time dashboards and automated reports using **Power BI** and **Excel**, enabling leadership to track key KPIs and improving decision-making by 15%.
- Automated manual reporting workflows, increasing reporting accuracy by 30% while aligning with stakeholder expectations and documentation standards.
- Liaised with business teams and ERP developers for **requirement gathering**, and translated business logic into technical documentation.
- Validated ERP-integrated pricing tools to ensure accuracy for both domestic and international pricing, leading to enhanced pricing precision.
- Identified patterns in underused SKUs via inventory analysis, improving **inventory efficiency** by 12% and supporting demand planning decisions.
- Evaluated resource allocation trends across operations, recommending improvements that reduced turnaround time.
- Created **process flow documents**, logic definitions, and testing outcomes to support ERP automation and report building.
- Participated in all phases of **SDLC**—from requirement analysis and design to deployment and **post-implementation support**.

BUSINESS ANALYST INTERN | AI VARIANT | NOVEMBER 2023 - FEBRUARY 2024

- Partnered with cross-functional teams to analyse business requirements and enhance process workflows.
- Designed automated reports for tracking KPIs, reducing reporting errors by 20%.
- Conducted data cleaning and transformation using Power Query and SQL, improving report accuracy.
- Developed interactive dashboards tailored to executive requirements, aiding in data-driven decision-making.
- E-COMMERCE DATA ANALYSIS PROJECT | OLIST
- Conducted data pre-processing using Excel and Power Query to prepare large datasets for analysis.
- Designed a structured MySQL database schema for optimized data storage and retrieval.
- Built interactive Power BI and Tableau dashboards for visualizing customer behaviour and sales trends.
