Professional Summary

A Business Administration role involves managing the day-to-day operations of an organization to ensure efficiency and effectiveness. Responsibilities typically include overseeing budgeting, staffing, strategic planning, office management, and coordinating between departments. Professionals in this role support organizational goals by improving processes, managing resources, and implementing policies. Strong leadership, communication, and problem-solving skills are essential.

Experience

Applied Bussiness Academy (ABA) | London, United Kingdom

○ June 2021 - February 2022
