Education

Bachelors Of Technology in Computer Science

July 2020 – August 2024

RVS College Of Engineering And Technology, Jamshedpur

8.4 CGPA

Relevant Coursework

- Data Structures
- Algorithms Analysis
- OOPs
- SQL
- Software Methodology
- Database Management
- Web Technology

Experience

TechifyCare

Mar 2025 – Present

Business Development Specialist

Noida

- I managed end-to-end client requirements, including procurement, hiring, and IT resource allocation. My responsibilities involved recruiting Field Sales Officers (FSOs), coordinating the deployment of core IT professionals, and ensuring timely procurement and delivery of IT assets. I worked closely with internal teams to align hiring with project needs, negotiated with vendors to reduce costs, optimized procurement strategies, and handled invoicing. I also ensured smooth onboarding and resource fulfillment. My role required strategic planning, cost-effective decision-making, and cross-functional collaboration to drive operational excellence and business growth.

INCCS

June 2024 – Feb 2025

Associate Software Developer

Remote

- Contributed to the design, development, and testing of web applications by applying fundamental programming concepts. I collaborated with team members to understand project requirements, assisted in writing clean and maintainable code, and gained hands-on experience in debugging, API integration, and version control systems. Eager to learn and adapt, I focused on building scalable and responsive applications while following industry best practices.

Infosys

Oct 2024 – Jan 2025

Full Stack Developer Intern

Remote

- Contributed to a project called Kanban by proficiently employing HTML, CSS, JavaScript, Bootstrap, React.js for the frontend, Java(Spring Boot) for the Backend, and Mysql for the Database ensuring responsive, and maintainable web applications aligned with industry standards.

BharatTech

Jan 2024 – May 2024

Frontend Intern

Lucknow

- Contributed to real-time projects by proficiently employing HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, Next.js, and React.js, ensuring responsive and maintainable web applications aligned with industry standards.

Projects

FlimFlix | HTML, CSS, Tailwind CSS, JavaScript, React.js | VS Code

January 2025

- FlimFlix is an online streaming platform that allows users to search, filter, and Users can add movies to their personal watchlist or favorites watchlist using TMDB.
- Developed using React.js, the platform features dynamic content rendering, an intuitive user interface, and responsive design powered by Tailwind css.

SkyWatch | HTML, CSS, Bootstrap, JavaScript, React.js | VS Code

October 2024

- SkyWatch is a dynamic web application that provides real-time weather information and forecasts for any location worldwide. Users can enter a city name to retrieve current weather conditions and a short-term forecast, all powered by the OpenWeather API.
- SkyWatch employs a comprehensive tech stack used for this project HTML, CSS, Bootstrap, JavaScript, and React. It also integrates the OpenWeather API to provide users with real-time weather data.

Sorting Visualizer | HTML, CSS, Bootstrap, JavaScript | VS Code

June 2024

- This project provides a clear, visual representation of how sorting algorithms work, helping users understand complex sorting mechanics by watching the step-by-step process.
- The Sorting Visualizer project is developed using JavaScript to implement sorting algorithms like Bubble Sort, Quick Sort, Heap Sort, Selection Sort, Insertion Sort, and Merge Sort. This project is a great educational tool for understanding how sorting algorithms work in a visually interactive way.

Technical Skills

Languages: Core Java, C++, HTML5, CSS3, JavaScript

Technologies/Frameworks: Bootstrap4, Tailwind CSS, React.js, Node.js

Developer Tools: VS Code, IntelliJ IDEA, Spring Tool Suite (STS), Git/GitHub, Postman

Business/Operations Skills: Excel, Outlook, PowerPoint, Word, Teams, Client Coordination, Resource Hiring, Lead Generation, Negotiation, IT Asset Management, CRM Tools(Salesforce)

Achievements

- Secured a commendable All India Rank of 1364 in the competitive CIT examination.
- 1st Rank in College Leader-board [October 2023] And also 1st Rank in Weekly Leader-board [15 Oct 2023 - 21 Oct 2023] at Code Studio.
- Level 7 (Expert) at Code Studio More than 20,000+ EXP gained.
- C++ And Java Programming: 5-Star Rating at Hacker-Rank.
- Achieved the "Best Performer" award within the first month of joining, recognized for quickly understanding project requirements, delivering high-quality results, and exceeding performance expectations in a short span of time.
