CAREER OBJECTIVE

Motivated and detail-oriented Computer Science graduate with proven experience in application support, SQL-based data operations, and technical documentation. Adept at troubleshooting complex systems, analyzing backend logs, and collaborating with cross-functional teams to resolve issues efficiently. Passionate about leveraging technology to deliver scalable solutions in cloud-based environments. Seeking to contribute to a forward-thinking organization by combining technical expertise with strong communication and problem-solving skills.

TECHNICAL SKILLS

Programming & Tools:

SQL, Java (Basic), Tableau, DBMS, Jira, Operating System, Oracle Fusion Cloud Applications (ERP & HCM), Remote Support Tools (Zoom, AnyDesk), Application Log Analysis, Bug Tracking Tools, Product Documentation Tools (Notion, Trello)

Platforms:

Windows, HRMS Software, Payroll Applications, Microsoft Office Suite (Word, Excel, PowerPoint, Outlook), Content Management Systems (CMS), Documentation Portals, Remote Desktop Platforms, Windows Server (Basic), Network Support (L1)

Methodologies:

Agile, Scrum, Software Development Life Cycle (SDLC), Document Development Life Cycle (DDLC), Requirement Analysis, Root Cause Analysis (RCA), Incident Management, Business Process Optimization, Data-Driven Decision Making

Soft Skills:

Effective Written & Verbal Communication, Active Listening, Interviewing Skills, Analytical Thinking, Multitasking, Problem-Solving, Team Collaboration, Client Interaction, Documentation & Reporting, Adaptability

EXPERIENCE

Technical Support Engineer Relyon Softech Ltd, Ahmedabad Nov 2024 – Present

- **SQL Query Execution:** Analyzed and corrected backend discrepancies by executing SQL queries on HRMS and payroll databases.
- **Application Log Analysis:** Investigated and interpreted application logs to identify software malfunctions and ensure issue resolution.
- **Database Management:** Utilized DBMS tools to diagnose database-level errors, validate data integrity, and support smooth payroll operations.
- **Compliance Handling:** Ensured statutory compliance with regular updates and maintenance for EPF, ESI, TDS modules.
- **Version Control & Configuration:** Assisted in version upgrades and HR module configurations, ensuring seamless transition for clients.
- **Root Cause Analysis & Bug Fixing:** Coordinated with development and QA teams to identify software bugs, conduct RCA, and implement system enhancements.
- **Network Support (L1):** Resolved basic network issues such as IP conflicts, connectivity problems, and firewall configurations for client-side setups.
- **Client Interaction & Support:** Delivered live technical support during payroll runs and system configurations, maintaining business continuity for end-users.
- **Remote Installation & Configuration:** Performed remote deployment of HRMS application modules using secure connectivity tools such as AnyDesk and RDP, ensuring minimal client downtime.
- **User Access Management:** Managed role-based user access, password resets, and permission audits to maintain system security and compliance.
- **Patch Management:** Supported the implementation and testing of regular system patches and product updates across client environments.
- **Data Backup & Restoration:** Performed scheduled backups and assisted in restoring payroll data for error recovery and data loss prevention.

- **Report Customization:** Created and customized SQL-based payroll and compliance reports as per client-specific business requirements.

EDUCATION

BACHELOR'S DEGREE | Computer Science (BTech) | Shri Ram Institute of Technology, Jabalpur 2020 - 2024
HIGHER SECONDARY (Science – PCM) | Queen Mary Convent Higher Secondary School, Chhindwara 2019 - 2020

CERTIFICATIONS

- [Oracle Fusion Cloud Applications ERP Process Essentials](#)
- [Oracle Fusion Cloud Applications HCM Process Essentials](#)
- [SQL – University of Michigan \(Coursera\)](#)
- Tableau: Fundamentals of Data Visualization
