CAREER OBJECTIVE

Aspiring Information Science Student seeking to leverage a strong foundation in data structures, software development, and emerging technologies to contribute to innovative and impactful projects. Eager to join a forward-thinking organization where I can apply my analytical skills, programming knowledge, and passion for technology to support digital transformation and continuous improvement.

EDUCATION QUALIFICATION

- **Bachelor of Engineering in Information science and Engineering**

CMR Institute of Technology(CMRIT), Bangalore, Karnataka

CGPA: 8.36 (2026)

- **Pre-University Education (12th – Science)**

VMC PU College ,Chitradurga, Karnataka,

Percentage: 96.6% (2021)

- **SSLC (10th Grade)**

BL Residential School, Chitradurga, Karnataka

Percentage: 89.6% (2019)

TECHNICAL SKILLS

Programming Languages: Python, Java, C

Web Development: HTML, CSS, JavaScript

Database: MySQL, MongoDB

Cloud & DevOps Tools: Azure, Jenkins, Maven, Gradle, Git, GitHub

Tools & Software: VS Code, Eclipse,MySQL Workbench, Jupyter Notebook

Operating Systems: Ubuntu, Windows

Data & Analytics: Tableau, Power BI

Other: LaTeX, MS Office, Solid Edge

PROJECTS

- **Title: Smart Parking System**

Description: Developed a Smart Parking System using Python and OpenCV that detects free and occupied parking slots from a video feed. The system uses image processing techniques to analyze each frame and highlights parking slots with color-coded boxes. It also displays the current date and time on the screen, helping users monitor space availability in real time and manage parking more efficiently.

Tech Stack:Python, OpenCV, cvzone, NumPy, Pickle, Git, VS Code

- **Title: Rubik's Cube Simulator**

Description:Developed a 3×3 Rubik's Cube simulator using Java and Swing with a user-friendly graphical interface. The project features full face rotation logic, a cube scramble function, and real-time color-coded visualization of all six faces. A 3D character array was used to represent the cube's structure, ensuring accurate and efficient state management. Move history tracking was included to enhance interactivity, and the code follows modular, object-oriented design principles.

Tech Stack:Java, Swing, AWT, OOP

- **Title:Virtual Assistant for Smart Cooking [Ongoing]**

Description: Developing a smart web-based virtual cooking assistant aimed at helping users cook efficiently using the ingredients they have at home. The system recommends personalized recipes and

provides step-by-step instructions using text-to-speech for a hands-free experience. It integrates a machine learning-based recommendation system with a user-friendly interface to enhance the overall cooking experience.

Tech Stack: HTML, CSS, JavaScript, Node.js, Python(ML), Recipe Dataset, Text-to-Speech
Status: Currently in development – Developed the frontend of a smart virtual cooking assistant with features like ingredient-based recipe recommendations and voice-guided cooking; planning to integrate a machine learning-based recommendation engine and real-time pantry tracking.

CO-CURRICULAR & EXTRA CURRICULAR ACTIVITIES

- **Sports**
 - Represented CMRIT at VTU Kho Kho Tournament – District Winners, State Runners-up
 - Actively involved in inter-college sports, contributing to team-building and leadership through participation in athletic events and KhoKho
 - **Seminars & Workshops**
 - Attended workshops on Patents, Cloud Computing, and Data Visualization.
 - **Online Courses & Certifications**
 - Certified in “DevOps: More Than Just Dev & Ops” through Infosys Springboard.
 - Certified in “Introduction to Web Development” on Udemy.
 - Certified in “Java Programming” on Udemy
 - Certified in the “Centre of Excellence – Machine Intelligence & Big Data” program at CMRIT.
 - Certified in Data Analytics & Visualization Job Simulation” by Great Learning.
 - **Community Involvement & Leadership**
 - Served as NSS Member and Student Coordinator for VTU NSS, contributed to various social initiatives.
 - Volunteered and managed events at Cultura, the annual college fest of CMRIT.
-

ACHIEVEMENTS

- Filed a Patent for “Smart Water Bottle – For Dehydration Detection” under the guidance of Dr. Seetha.
 - Won 1st Place in 200m Sprint at CMRIT Annual Sports Meet.
 - Won 1st Place in Relay at CMRIT Annual Sports Meet.
 - Won 2nd Place in 800m Run at State Level Meet.
 - Won 1st Place in KhoKho at District Level and 2nd Place at State Level representing CMRIT.
 - Recognized for excellence in athletics and consistent contribution to college sport teams.
-

PERSONAL DETAILS

Date of Birth	: 12 November 2002
Gender	: Female
Nationality	: India
Linguistic Competency	: English, Kannada, Hindi, Telugu
Hobbies	: Solving Rubik's Cubes (2×2, 3×3), Drawing, Photography and Origami.
