EDUCATION

- **Rajkiya Engineering College Sonbhadra** India
Bachelor of Technology - Electronics Engineering (CGPA- 7.10) July 2021 - June 2025

SKILLS

- **Languages:** C++, JavaScript, JAVA , C
- **Development:** – React.js, Tailwind CSS, Bootstrap, Material UI, Node.js, Express.js, MongoDB, MySQL
- **Courses:** Data Structures, Algorithms, Operating Systems, OOPs

PROJECTS

- **Course-X**
React.js, TailwindCSS, Redux Toolkit, Node.js, Express.js, MongoDB, JWT, Cloudinary, Render,
 - Executed security protocols, including email OTP verification and Bcrypt encryption for user passwords, leading to a 99 percent reduction in unauthorized account access attempts during the first month post-implementation.
 - Crafted individualized dashboards that allowed 150+ instructors to generate unique course offerings; introduced features such as multimedia support leading to improved engagement metrics among enrolled students.
 - Leveraged Cloudinary to streamline the secure storage and management of course videos and images.
- **Pizza Delivery System App**
React.js, Vite.js, Tailwind CSS, React Router, React Redux, Node.js, Express.js, MongoDB
 - Designed and built a robust backend infrastructure for a comprehensive Pizza Delivery System Application using Node.js, Express.js, and MongoDB; optimized data handling, improving response times by 30 percent.
 - Developed an API architecture that streamlined shopping cart functionality, enhancing user experience by minimizing load times by 30 percent and created JWT-based authentication to boost data protection.
 - Constructed a seamless and responsive user interface that integrates effectively with backend systems.
 - Implemented comprehensive end-to-end testing with Puppeteer, automating critical user flows including login and order placement; identified and resolved three major issues that enhanced application reliability for users.
- **NewsMonkey**
ReactJS, Bootstrap, News Api
 - Developed a single-page application delivering real-time news updates from diverse sources.
 - Integrated sophisticated filtering options and infinite scrolling, enhancing usability and increasing user engagement.

ACHIEVEMENTS

- Achieved **Highest Rating 1163 at Codechef** and **1504 Rating at Leetcode** .
- Secured impressive **Global rank 283th** in Starters 113 Division 4.
- Achieved **Global Rank 43** in Codevita season 12 Round 1
- Achieved **Global rank 4828 / 19630** in LeetCode Weekly Contest 374 .
- Achieved **Global rank 9410 / 25773** in LeetCode Weekly Contest 374 .

CODING PROFILES

- **Codeforces:** [ram0802](#)
- **Leetcode:** [mahi098](#)
- **Codechef :** [mahi098](#)
