PROFESSIONAL SUMMARY

Certified **Business Analyst** with hands-on project experience using Agile and Waterfall methodologies. Proven skills in **BRD**, **FRD**, **SRS** documentation, stakeholder communication, process modeling, and **user story** creation. Adept in tools like **JIRA**, **MS Visio**, **Balsamiq**, and **Tableau**. Known for translating business goals into clear technical solutions. Strong foundation in finance domain from previous role, bridging business understanding with analytical execution.

EDUCATION

MBA– Finance & HRM | Bishop Heber College, Trichy | 2021

B.COM - Business Management | Jamal Mohamed College | 2019

EXPERIENCE

Capgemini Technology, Trichy | Jan 2023 – Apr 2024

Cash Application Specialist

- ❖ Processed daily payments using Blackline and SAP, ensuring accurate and timely transactions.
- ❖ Managed unapplied funds and followed up with customers for resolution using SAP.
- ❖ Verified deposits and reconciled with bank statements and company records.
- ❖ Maintained documentation accuracy and compliance with financial protocols

BUSINESS ANALYST PROJECT EXPERIENCE

Certified Business Analyst Program – COEPD Institute, Hyderabad (Remote)

Project-based Training | Agile & Waterfall Methodologies

- ❖ Successfully executed end-to-end Business Analysis responsibilities during hands-on training projects, utilizing both **Agile (Scrum)** and **Waterfall** methodologies.
- ❖ Proficient in gathering, analyzing, and documenting **functional** and **non-functional** requirements by closely collaborating with key stakeholders.
- ❖ Created and maintained Business Requirements Documents (**BRD**) and Functional Requirements Documents (**FRD**) to support development and testing teams.
- ❖ Designed **UML** diagrams (Use Case, Activity) using **MS Visio** to clearly visualize business processes and user interactions.
- ❖ Developed and managed **Requirement Traceability Matrix (RTM)** to ensure complete coverage and alignment of business requirements throughout the **SDLC**.
- ❖ Actively participated in **Agile ceremonies** including Sprint Planning, Daily Stand-ups, Sprint Reviews, and Retrospectives to support iterative delivery.
- ❖ Built **wireframes** and **mockups** using tools such as **Balsamiq** and **Axure** to facilitate early-stage design reviews and gather user feedback.
- ❖ Applied **Enterprise Analysis** techniques to define solution scope, assess business needs, and support strategic decision-making.
- ❖ Facilitated **User Acceptance Testing (UAT)** by preparing detailed test cases, validating outcomes, tracking defects, and securing final user sign-off.
