## Career Summary

A results-oriented Business Analytics student from Delhi Technological University with demonstrated experience in leveraging Python, SQL, and Power BI to drive business growth. Eager to apply proven project management and data-driven decision-making skills to an entry-level analyst role.

## Education

### Delhi Technological University (DTU)

*Bachelor of Technology*

2021 – 2025

CGPA: 7.0

## Experience

### Cars24

Jan 2025 – Apr 2025

*Business Analytics Intern*

*Gurugram*

- Built an ETL repository for 10+ datasets using SQL, improving data accessibility and consistency across dashboards.
- Automated URL median listing integration using Excel formulas, resolving key issues in dashboard data mapping.
- Streamlined the Assortment Planning Dashboard by automating 3 Google Sheets for assortment, flags, and PT tracking.
- Updated the Funnel Dashboard to track full sales lifecycle: Form Fill → Lead → Appointment → Inspection → Procurement.
- Scraped and mapped car listings from Dubizzle to Cars24 taxonomy using Python (RapidFuzz), enhancing matching accuracy.
- Mapped and standardized NCAP safety ratings (NHTSA, ANCAP, Bharat NCAP, etc.) to generate Make\_Model\_Year\_NCAP insights.
- Performed API testing in Postman for car listing statuses (Go, No-Go, Auction Only), validating integrity across multiple test cases.
- **Skills:** SQL, Python, RapidFuzz, Excel, ETL, Data Scraping, Google Sheets Automation, Dashboarding

### Pregrad

Apr 2023 – May 2023

*Marketing & Research Intern*

*Remote*

- Analyzed over 1,000 sales records to find 3 key growth areas, increasing ROI by **15%**. Executed targeted campaigns that raised user engagement by **20%** and conversions by **10%**.
- **Skills:** Excel, Data Analysis, Campaign Management

## Projects

### Movie Success Prediction Model | *Python, Random Forest, pandas, seaborn*

- Built a predictive model to forecast movie success from IMDb data with **85% accuracy**; key drivers included **Budget, Genre, and Director's Rating**.

### Diwali Sales Analysis | *Python, pandas, matplotlib, seaborn*

- Conducted exploratory data analysis (EDA) to identify sales trends and product performance. Provided actionable insights for strategic decision-making.

## Technical Skills

**Languages:** Python, SQL (MySQL)

**Tools:** NumPy, Pandas, Matplotlib, Seaborn, Power BI, Tableau, Excel, DAX, Google Sheets, Apps Script, MS Office

**Other:** Data Science, Data Analytics, Data Visualization, Business Analytics, ETL, API Testing, Project Management, Leadership

## Certifications

### Professional Certifications

2022 – 2024

Business Analyst Certification by Microsoft, Data Analyst Certification by Microsoft and LinkedIn, Machine Learning with Python – LinkedIn Learning, Google Data Analytics Foundation – Coursera, Python for Data Analysis – Udemy, MS Excel for Data Analytics – Udemy, PwC Power BI Virtual Case Experience – Forage, Data Science Certification – LinkedIn Learning, Alteryx Micro-Credentials for Data Analytics, Certificate of Excellence – Coincent Partnership Program.

## Achievements

- \* **5-star SQL rating** on HackerRank
- \* **Certificate of Excellence** in the Coincent Partnership Program, July 2023
- \* **Top Campus Ambassador** at Taragana'24, IGDТУW
- \* **Top 20 Campus Ambassador** at Tryst'24, IIT Delhi

## Activities / Interests

- \* Passionate about continuous learning and open to meaningful discussions. Enjoys outdoor activities like Football and discovering new places.
