

ADITYA GADILKAR

Address: Kalyan, Maharashtra, India | **Phone:** +91 9702877522 | **Email:** adityaajaygadilkar@gmail.com
LinkedIn: www.linkedin.com/in/aditya-gadilkar | **GitHub:** <https://github.com/adityagadilkar>

PROFILE

Aspiring Junior Data Analyst with experience deriving insights from datasets through projects and internships. Passionate about using data to support decisions and solve problems.

EDUCATION

B.K. BIRLA COLLEGE Kalyan, Mumbai
Master of Data Science and Big Data Analytics | CGPA – 9.28 2023 – 2025

B.K. BIRLA COLLEGE Kalyan, Mumbai
Bachelor of Mathematics | CGPA – 7.96 2017 – 2020

PROJECTS

1. SALES AND CUSTOMER INSIGHTS DASHBOARD

- Built a dynamic Power BI dashboard (AW Report) analyzing over 50,000+ transactional records, delivering real-time insights into sales trends, customer behavior, and product performance; reduced manual reporting time by 70% and improved decision-making efficiency by 40% through automated visual analytics.
- **Tools & Technologies:** Power BI, DAX, Excel

2. DIWALI SALES ANALYSIS

- Performed EDA on 11K+ records to uncover high-value customers and top products, delivering insights to improve marketing effectiveness by 30%.
- **Tools & Libraries:** Python, Pandas, NumPy, Matplotlib, Seaborn

3. MUSIC STORE DATA ANALYSIS

- Wrote 10+ complex SQL queries to analyze customer spending, genre trends, and top artists across 20+ countries, supporting targeted promotions.
- **Tools & Technologies:** SQL, Joins, CTEs, Aggregations

WORK EXPERIENCE

SMARTINTERNZ

AI Intern Mar 2024 – May 2024

- **RAINFALL PREDICTION USING MACHINE LEARNING (Team Project)**
- Conducted EDA to extract key insights from weather patterns.
- Developed a machine learning model to predict next-day rainfall in Australia using Decision Tree, Random Forest, and Logistic Regression.
- Trained on 10 years of historical weather data, optimized model accuracy using hyperparameter tuning.
- Deployed a web application for real-time weather forecasting, enhancing accessibility for users.

CERTIFICATIONS

L&T EDUTECH

- Machine Learning Feb 2024 – May 2024
- Deep Learning Using Keras Aug 2024 – Feb 2024

TCS iON

- Practical Approach to Data Mining and Analytics Feb 2024 - May 2024
- Career Edge – Young Professional June 2024

ADDITIONAL SKILLS

- **Technical Skills:** Excel, SQL, Python, Power BI.
- **Languages:** English, Hindi, Marathi
- **Hobbies:** Running, Drawing, Music
