Education

National Institute of Technology Karnataka, Surathkal

November 2021 - May 2025

Bachelor of Technology in Chemical Engineering - CGPA: 7.48/10

Surathkal, Karnataka

Voluntary Arts, Commerce, and Science Junior College, Shahada

July 2018 - July 2020

HSC State Board, Science - Grade : 84.62%

Shahada, Maharashtra

Experience

Essonic Technologies

May 2024 - June 2024

Project Management Intern

Bangalore

- Handled the preparation of a project's P&L statement and monitored its gross margin.
- Visited sites to inspect the materials received and kept the record of invoices.
- Collaborated with vendors to address any variances.
- Cross Functional coordination for specific tasks.

Projects

Machine Learning Models for Predicting Syngases from Coal Pyrolysis | Python, Excel January 2025 - April 2025

- * Built an interactive Gradio-based GUI to streamline user inputs and visualize model predictions.
- * Optimized an XGBoost model using Hyperparameter Tuning for coal pyrolysis yield prediction.
- * Achieved R-squared of (0.94/0.81), Mean Squared Error (MSE) of 47.94, and Mean Absolute Error (MAE) of 4.89 in predictive analysis

RL Model for Marketing Campaigns | Python

June 2024 - July 2024

- * Engineered a Multi-Armed Bandit model with Per-Arm Features for marketing campaign optimization.
- * Developed a system to select the best marketing template for users based on their attributes and template features.
- * Implemented a feedback loop to continuously refine the model using user interactions like views, clicks, and purchases.

Algo-Trading using Python Strategy | Python, Excel

May 2024 - June 2024

- * Executed an ATM straddle by selling ATM call and put options with the same weekly expiry date and strike price.
- * Managed risk by buying out-of-the-money options 2% away from the ATM strike.
- * Monitored and exited trades using 30% stop loss and 80% target conditions.
- * Calculated returns on a 10 lakh capital and created performance statistics.

Skills

Languages Comfortable: Python, C++, SQL, MATLAB

Developer Tools: Power BI, VS Code, MS-Excel, Github

Libraries: NumPy, Matplotlib, Pandas

Soft Skills : Communication, Problem Solving, Creativity, Team Building and Managing

Extra Curricular

180 Degrees Consulting NITK

August 2024 - April 2025

Tech Co-Lead

NITK, Surathkal

- * Led the newly formed tech division of 180DC, focusing on introducing technical consulting to the student chapter.
- * Built POCs of utilities aimed at attracting and engaging prospective clients to expand consulting offerings

TEDx NITK

October 2023 - June 2024

Executive Member - Marketing

NITK, Surathkal

- * Led a team of 5 members

ENGINEER NITK

May 2023 - October 2023

Executive Member - Marketing

NITK, Surathkal

- * Been a part of engineer 23' marketing team and gathered experience regarding collecting databases, making proposals, cold mailing, and network with satkeholders.

Acheivements

- * Awarded 2 Gold Medals in the International Mathematical Olympiad and 1 Silver Medal in the National Science Olympiad.
