

ALMAS MATIN

☎ +91 7631626019 @ almasmatin1898@gmail.com 📍 Delhi, India

PROFESSIONAL SUMMARY

Recent Computer Science graduate and detail-oriented aspiring Business Analyst with a strong foundation in requirement gathering, wireframe and mockup design, and data analysis. Proficient in tools such as Excel, SQL, Python, Draw.io, and Axure RP. Experienced in preparing feature lists, BRDs, and conducting requirement elicitation sessions during internship. Eager to contribute analytical, technical, and problem-solving skills in a collaborative, agile driven environment to support data driven business decisions and digital transformation initiatives

INTERNSHIP

Business Analyst Intern

MarQ Global

📅 Jan 2025 - April 2025

- Created detailed Feature Lists to define core product functionalities.
- Gathered and documented both Functional and Non-Functional Requirements from internal stakeholders.
- Designed and developed Wireframes and UI Mockups using Axure RP to visualize user interactions and system design..
- Conducted Requirement Elicitation sessions through stakeholder meetings, interviews, and document analysis.
- Authored comprehensive Business Requirement Documents (BRDs) to support development and QA teams with clear, actionable insights.

PROJECTS

Blog WebApp

- A WebApp for Posting and Reading Blog posts
- Perform CRUD Operation
- Backend developed using Django, for Database SQL
- Frontend developed using HTML, CSS, Boot strap

Payment QR Generator

- Developed a handy Python tool that generates UPI payment QR codes from any UPI ID, making digital transactions quick and secure. I integrated QR code generation using the qrcode library and simplified the UPI deep link formatting for instant payment access.

COURSEWORK

- Object Oriented Programming
- Database Management System

EDUCATION

B.Tech (CS) - 8.1 CGPA

Greater Noida Institute of technology

📅 2021 - 2025 📍 Greater Noida, Uttar Pradesh

Higher Secondary

K.N Uchh Vidyalaya

📅 2018-2020 📍 Bhagalpur, Bihar

Secondary

New Era Public School

📅 2016-2018 📍 Munger, Bihar

CERTIFICATIONS

- [Python for Everybody Specialization](#)

TECHNICAL PROFILE

- **Programming Language**
