SUMMARY

Detail-oriented and results-driven Data Analyst with proven experience in data analysis, visualization, and system optimization gained through internships at DEAL-DRDO and IIT Ropar. Proficient in Python, SQL, and Power BI, with a strong foundation in data visualization, statistical analysis, and database management. Successfully leveraged data insights to improve system performance and inform decision-making.

EDUCATION

Chandigarh University, Gharuan Bachelor of Engineering (CSE) - 7.68 CGPA	2021 - 2025
JP International School, Sikandrabad Intermediate (CBSE) - 70.4%	2020
JP International School, Sikandrabad Matriculation (CBSE) - 71.6%	2018

SKILLS

Technical Skills	C++, Java, Python, DSA, SQL, Business & Data Analysis
Tools/Platforms	Git & GitHub, MongoDB, FlutterFlow, Docker, Excel, Power BI, Qlik Sense
Analytical & Statistical Skills	Descriptive Statistics, Data Cleaning, EDA
Soft Skills	Analytical Thinking, Problem-Solving, Team Collaboration, Communication, Time Management, Attention to Detail

EXPERIENCE

Intern DEAL-DRDO, Dehradun, India	June - July 2024
- Contributed to telecom networking, improving communication channels and reducing downtime by 20%. - Developed efficient code for networking modules, enhancing data flow speed by 15%. - Configured IP and MAC address configuration, improving network security using Python.	
Research Intern IIT-Ropar, Ropar, India	June - July 2023
- Optimized SSD performance using C, increasing storage efficiency by 15%. - Contributed to SSD structure research, enhancing system reliability and durability. - Designed and implemented algorithms for system performance optimization, improving response time by 20%.	

PROJECTS

EduVista (Online Learning Platform)	<i>FlutterFlow, JavaScript, Firebase</i>
- Developed an online learning platform providing tech enthusiasts with access to diverse courses, hackathons. - Integrated domain-specific courses and a personalized roadmap, boosting engagement by 20%. - Designed and implemented a highly user-friendly interface, enhancing overall UX by 20%.	
Doctor Appointment System	<i>MongoDB, Tailwind CSS, ReactJS, NodeJS</i>
- Developed a Doctor Appointment System using the MERN stack, increasing user engagement by 30%. - Implemented secure role-based access control, reducing unauthorized access by 40%. - Streamlined appointment scheduling workflows, decreasing manual errors by 25%.	

CERTIFICATIONS & PUBLICATIONS

- Database Management Essentials (Coursera) - Foundations of Business Intelligence (Coursera) - Programming for Everybody (Getting Started with Python) (Coursera) - Exploratory Data Analysis for Machine Learning (Coursera) - Published review paper: “Empowering Learning: A Comprehensive Review of the EduVista Educational App” in <i>IEEE</i>.
