ABOUT ME

Passionate BCA graduate with hands-on experience in building full-stack applications and strong foundations in data structures and algorithms. Skilled in backend development, web technologies, and databases. Eager to contribute to innovative software teams.

EDUCATION

GLOCAL UNIVERSITY
BCA

2021 - 2024

SHAHEED BHAGAT SINGH
INTER COLLEGE

12TH

2020 - 2021

TECHNICAL SKILL

- Languages: C++, Python, JavaScript
- Web Technologies: HTML, CSS, Node.js, Express.js, REST APIs
- Database: MongoDB, MySQL
- Data Structures & Algorithms(DSA)

WORK EXPERIENCE

DATA ANALYST INTERNSHIP

2023-2024

Worked on data mining, Excel reports, and automation tasks. Gained exposure to business analytics and reporting.

PROJECTS

Online Food Delivery System

Developed a web-based food ordering system using Node.js and Express.js. Implemented user authentication, order tracking, and MongoDB integration. Used RESTful APIs and EJS templating for dynamic UI rendering.

Netflix Dataset Analysis

Analyzed Netflix dataset using Python libraries (NumPy, Pandas, Matplotlib, Seaborn). Created dashboards using Power BI to uncover user behavior and trends.

OTHER SKILL

- Basic Knowledge AWS
- Problem-Solving & Logical Thinking
- Version Control (Git, GitHub)

CERTIFICATIONS

- Python for Machine Learning – Great Learning
-
