+91-96934 79101

PROFESSIONAL SUMMARY

Analytical and detail-oriented aspiring Business Analyst with a strong foundation in data analytics, dashboarding, and statistical analysis. Proficient in Excel, Power BI, SQL, and Tableau, with hands-on experience in developing data-driven dashboards and insights. I am passionate about turning complex data into actionable business solutions and contributing to data-informed decision-making.

- ◆ Power Bi
- ◆ Advanced Excel
- ◆ Data Cleaning
- ◆ Data Visualization
- ◆ Data Modeling
- ◆ MySQL
- ◆ Dax
- ◆ Tableau
- ◆ Power Query

EDUCATION

Master of Computer Applications (MCA)	MPPU University	2025-2027	Persuing
Bachelor of Computer Applications (BCA)	SAVITRIBAI PHULE PUNE UNIVERSITY	2019-2022	76%
Senior Secondary (PCM)	JAWAHAR NAVODAYA VIDYALAYA	2017-2019	66%
Secondary	MILLIA CONVENT ENGLISH SCHOOL	2016-2017	96%

WORK EXPERIENCE

Business Analyst Internship Project with AiVariant 2025 (Duration-3 Month)

Bank Loan Analysis-

- ◆ Analyzed bank loan data using Excel, Tableau, and Power BI.
- ◆ Created multi-platform dashboards with KPIs, slicers, and drill-through navigation to assess loan trends, defaults, and approval rates.

KEY PROJECTS

1. Superstore Sales Analysis-Tableau-Power Bi-Excel

- ◆ Conducted thorough analysis of sales data from a fictional superstore, extracting actionable insights crucial for decision-making.
- ◆ Created a comprehensive dashboard in Tableau using calculated fields, KPIs, and parameters.

2. **Pizza Sales –Analysis Report-EXCEL-Power bi-DAX-Power query-pivot table**

- ◆ Built interactive dashboards in Power BI and Excel to analyze sales across multiple outlets.
- ◆ Visualized branch-wise performance, daily deliveries, and top-selling products.
- ◆ Offered strategic insights to improve delivery efficiency and sales forecasting.
- ◆ Published an interactive report with filters, metric switchers, and dynamic visuals.

3. **Call Center Analysis**

- ◆ Designed an easy-to-navigate dashboard to monitor call volumes, durations, and response times.
- ◆ Tracked percentage of calls answered within SLAs to identify areas of improvement.
