SUMMARY

Dynamic and growth-focused professional with proven experience in client engagement, business strategy, and GTM execution across fintech and edtech domains. Skilled at working directly with founders and CXOs to drive strategic initiatives, onboard partners, and execute high-impact marketing campaigns. Adept in market research, lead generation, and relationship management, with a track record of scaling B2B operations, executing recruitment campaigns, and optimizing go-to-market efforts — particularly in the NBFC and tech hiring spaces.

EXPERIENCE

Founder's Office – Client Acquisition | Enterslice Private Limited | Noida, India | 02/2025 – Present

- Spearheaded client engagement initiatives by working directly with the Founder to streamline onboarding and deepen relationships with strategic partners across the fintech and NBFC domain.
- Played a pivotal role in co-developing and executing the Go-To-Market (GTM) strategy tailored for Non-Banking Financial Companies (NBFCs), focusing on regulatory tech solutions and compliance workflows.
- Onboarded and nurtured 20+ high-impact partnerships, aligning mutual goals to drive user acquisition and establish long-term collaboration.
- Led the design and execution of in-house marketing campaigns, including thought-leadership webinars, regional content strategies, and account-based marketing to increase qualified leads by 35%.
- Coordinated with cross-functional teams (tech, legal, operations) to create customized pitches and solution stacks, improving partner conversion rate by 28%.
- Launched and optimized multi-channel outreach campaigns (LinkedIn, email, and WhatsApp), increasing engagement from C-level executives and compliance heads in the NBFC sector.
- Monitored campaign performance, drove data-informed iterations, and ensured alignment with strategic growth KPIs for NBFC business verticals.

Corporate Strategist Coordinator Intern | GeeksforGeeks | Noida, India | 11/2024 – 02/2025

- Acted as a primary point of contact for mid-scale and large-scale tech companies, understanding their hiring needs and crafting tailored recruitment solutions on the GeeksforGeeks platform.
- Conducted in-depth market research and competitive analysis to build high-quality databases of potential B2B clients actively hiring tech talent across various sectors.
- Directly led outreach to CXOs, HR leaders, and talent acquisition heads through LinkedIn and cold email strategies, converting over 25 organizations into active hiring partners.
- Onboarded new clients onto the platform, aligning their hiring goals with our tech-driven recruitment offerings including curated assessments and hackathons.
- Coordinated end-to-end execution of technical hiring campaigns — including coding assessments, virtual hiring drives, and hackathons — increasing partner satisfaction and repeat engagement.
- Delivered data-driven hiring solutions by preparing tailored candidate pools from GeeksforGeeks' vast developer community, reducing client hiring time by up to 40%.
- Regularly collaborated with internal product, marketing, and operations teams to enhance the B2B job portal experience based on client feedback.
