EDUCATION

Savitribai Phule Pune University, Pune

June 2025

Masters in Computer Application

CGPA: 8.36/10.00

Dr. Shyama Prasad Mukherjee University, Ranchi

August 2022

BSc Computer Application

CGPA: 8.44/10.00

SKILLS

Programming & Data Analysis: Python (Pandas, NumPy), SQL, Excel, Power BI, Tableau

Data Management: Data Cleaning, Data Transformation, Data Modeling, Data Warehousing, Data Governance

Tools: Informatica, Postman, Git/GitHub, Jira, VS Code

Databases: MySQL, MongoDB, SQLite

Visualization Libraries: Matplotlib, Seaborn

Real-Time Analysis: Experience with near real-time data processing and insight generation

Soft Skills: Analytical Thinking, Communication, Problem-solving, Attention to Detail, Adaptability

PROJECTS

Sales Data Analysis Dashboard | *Power BI , Microsoft Excel*

Oct 2024

- Built an interactive dashboard using Excel datasets to meet business reporting needs. Included Top/Bottom 5 products, sales trends, period comparison, and city-wise sales. Designed intuitive visuals using calculated fields and DAX to support business KPIs.

Employee Attrition Analytics Dashboard | *Power BI , Microsoft Excel*

Nov 2024

- Developed HR analytics dashboard with department-level filters. Visualized attrition rate, salary distribution, average age, and job role metrics to support retention strategy.

Hotel Booking Analysis Using Python | *Python, Pandas, Matplotlib, Power BI*

Feb 2025

- Applied statistical methods to uncover seasonal booking trends and cancellation patterns, enhancing revenue strategy.
- Integrated Power BI to present insights with dynamic visuals and business-ready dashboards.

INTERNSHIPS

Techavtar

November 2024 - January 2025

Data Analyst Intern

- Performed data mining and statistical analysis using Python (Pandas), uncovering actionable customer insights and behavior patterns.
- Designed Power BI dashboards aligned with business KPIs like revenue trends, churn rate, and segment performance.
- Assisted in translating business problems into structured analytical tasks, improving decision-making efficiency.

CERTIFICATIONS

Data Visualization with Power Bi | *Great Learning*

Mar 2025 – April 2025

Data Analysis with Python | *Coursera – IBM*

Jan 2025 – Feb 2025

SQL for Data Analysis | *Simplilearn*

Sep 2025

Introduction to Prompt Engineering Fundamentals | *SkillShare*

Oct 2024

EXTRA CURRICULAR ACTIVITIES

River Cleaning Drive Volunteer | *WE Foundation in collaboration with Pune Municipal Corporation*

- Volunteered for a river cleaning drive organized by the WE Foundation and Pune Municipal Corporation.
