PROFESSIONAL SUMMARY

A Detail-oriented data enthusiast with expertise in Python, SQL, and Tableau, coupled with experience in analysing, visualising, and interpreting complex datasets. Certified in data analytics, with a strong passion for leveraging data to drive strategic decisions and deliver measurable impact.

SKILLS

- Programming & Databases : Python, SQL, R, Excel
- Big Data & ETL : Apache Spark, Hadoop, Kafka, ETL Pipelines, dbt
- Cloud Platforms : AWS, GCP, Azure
- Tools : Tableau, Jupyter, Power BI
- Organizational skills
- Problem Solving
- Leadership
- Easily adaptable
- Teamwork

PROFESSIONAL EXPERIENCES

Online Research Volunteer, 04/2024 - 05/2024

Bernardo's - Nottingham, United Kingdom

- Contributing to the mission of supporting vulnerable children, young people, and families across the UK.
- Conducted research on items for online sales, utilising market trends and sales data.
- Prepared and securely packed items, ensuring correct labelling and condition.
- Maintain a clean store and environment, adhering to health, safety, and security policies.

Data Analyst Intern, 09/2022 - 10/2022

Varcons Technologies - Bengaluru, India

- Led a machine learning-based sentiment analysis project on COVID-19 public data.
- Utilised Python (NLTK) and SQL for data extraction, cleaning, and sentiment classification.
- Built a sentiment analysis model to track public mood trends during the pandemic.
- Demonstrated strong leadership and collaboration in managing project deliverables and timelines.

Data Analyst Intern, 03/2022 – 05/2022

Inflow Technologies - Bengaluru, India

- Spearheaded a data science and analytics project focused on electricity demand forecasting.
- Applied Python for data preprocessing and modeling, and Tableau for creating dynamic dashboards.
- Enabled accurate time-series predictions to support data-driven energy management.
- Collaborated with cross-functional teams, rapidly improving coding proficiency and business insight.

EDUCATION

MSc.: Information Systems and Operations Management, 09/2023 - 12/2024

University of Nottingham – Nottingham, United Kingdom

- Relevant modules: Project Management, Management in Decision Support, Data Manipulation, Business Intelligence.
- Grade: Merit.

BE.: Information Science and Engineering, 08/2019 - 05/2023

RNS Institute of Technology – Karnataka, India

- Relevant modules: Database Management System, Software Engineering, Cloud Computing.
- CGPA: 8.38

PROFESSIONAL CERTIFICATIONS

- Data Analytics Job Stimulation, Deloitte | July 2025
- Generative AI: Elevate Your Data Science Career, IBM | Feb 2025
- Data Analytics, Google Analytics Individual Qualification | June 2022
- Artificial Intelligence, IStop.ai | Feb 2022
- Data Science and Analytics, Inflow Technologies | May 2022
