SKILLS

- Python, SQL, Tableau, Excel, Pandas, Matplotlib, NumPy, SeaBorn, JIRA

EXPERIENCE

Product Operations Analyst Intern

Mar 2025 - Jul 2025

Schola Classes

- Built a dynamic lead tracker in Google Sheets to monitor 5,000+ leads, enabling real-time sales funnel insights for management.
- Analysed sales and marketing data to identify patterns that improved campaign strategies, increasing customer engagement by 15%.
- Defined KPIs and streamlined onboarding processes, resulting in a 25% improvement in product adoption and user retention.
- Collaborated with product and marketing teams to recommend data-driven operational improvements.

BI Analyst

Mar 2024 - Dec 2024

HeadToNet

- Conducted end-to-end data analysis for client deliverables, leading to a 95% satisfaction rate through clear documentation and stakeholder alignment.
- Developed interactive Tableau dashboards integrated with Snowflake, reducing manual reporting by 30% and improving data-driven decision-making.
- Streamlined internal workflows and onboarding documentation, boosting new team efficiency by 20% across two active projects.
- Acted as the primary point-of-contact for client data requests, translating business needs into technical requirements.

PROJECTS

Sales Analytics Project: Inference and Confidence Analysis

🔗 <https://github.com/AveshNagori/Sales-Analytics-Project-Inference-and-Confidence-Analysis>

- Conducted exploratory analysis on 50,000+ simulated retail transactions to uncover purchase patterns and customer segments.
- Applied statistical techniques such as confidence intervals and the Central Limit Theorem to improve forecasting accuracy to 95%.

Regional Retail Insights Dashboard

🔗 https://public.tableau.com/app/profile/avesh.raza.nagauri/viz/SuperstoreInsightsDashboard_16904392512740/Dashboard1?%20publish=yes

- Built a regional Tableau dashboard analysing revenue, quantity sold, and profit across time periods and categories.
- Revealed key trends, including \$2.3M peak sales and a \$286K profit increase, influencing strategic business decisions.

ACHIEVEMENTS

Awarded Employee of the Month for outstanding performance and impact within the Product team at Schola Classes.
