

BARATAM SAI ANJAN KUMAR

📞 8367460569 @ saianjanbaratam2004@gmail.com

SUMMARY

To pursue a challenging career in the field IT and Robotics field to my qualification in the organization that provides me an opportunity to demonstrate my skills and improve my knowledge and be a part of your team that works dynamically and leads to the goal of the organization.

EDUCATION

B.E – Computer Science and Engineering with Artificial Intelligence and Robotics , (Current CGPA : 7.83)
[Sathyabama University](#) 📅 2021 - 2025

Intermediate MPC , (Percentage : 64.8%)
[Sri Chaitanya Educational Institutions](#) 📅 2019 - 2021

10th standard , (97 %)
[Narayana e-Techno School](#) 📅 2019

INTERNSHIP

CDAC : Centre for Development of Advanced Computing
📅 08/2023 - 09/2023
I have experience at a comprehensive understanding of the technology and its practical applications and Cloud Computing Technology

SKILLS

Python	Java	HTML/CSS	Cloud Computing
Machine Learning	C/C++	Data Structures & Algorithms	

ADDITIONAL SKILLS

ABB Robotics	RoboDK	Arduino IDE	MATHLAB
PowerBI			

PUBLICATIONS

A secure messaging platform with adavanced protection against MITM attacks and intrusion detection/prevention using machine learning
[IARJSET Research Journal](#)
📅 01/2025

PROJECTS

FortiChat
📅 2025 📍 Sathyabama University
CyberSecurity and ML Based Project
• A secure messaging platform with adavanced protection against MITM attacks and intrusion detection/prevention using machine learning

A Predictive Model for Cardiovascular Disease Prediction Detection
📅 2024 📍 Sathyabama University
Machine Learning Based Project
• The outcome of a predictive model for cardiovascular disease is a robust tool enabling healthcare professionals to assess and manage CVD risk in individuals

Open Stack Based Private Cloud Deployment Tool and Container Orchestration with OpenStack Magnum
📅 2023 📍 Sathyabama University
Cloud Computing Based Project
• Private Cloud Infrastructure Deployment, Container Orchestration with OpenStack Magnum

CERTIFICATION

[Data Science](#)
Data Analytics and Visualization

[AWS](#)
Solution Architecture Virtual Experience Program, Machine Learning Foundations

[Python, SQL, CSS](#)
From CodeChef & HackerRank

[Machine Learning](#)
Cognibot Certification

[Meta Android Developer \(Beginner \)](#)
Cousera Certification

[Generative AI \(Basic \)](#)
Google

[Web Development for Beginners](#)
Microsoft

STRENGTHS

💎 A constant learner and keen observer

💎 Dedication towards work
