SUMMARY

I am a dedicated and quick-learning Data Analyst with a Master's in Data Science and a Bachelor's in Mathematics, Electronics, and Computer Science. My background emphasizes analytical thinking and teamwork. I'm adept at programming with Python, SQL, and Data Visualization tools.

EXPERIENCE

Technical Support

Exafluence

12/2024 - Present Tirupati, India

- Assisted in data preprocessing, basic analysis, and troubleshooting data-related issues, enabling seamless integration between technical support and data science functions.

R&D Intern

CAZE Labs

05/2024 - 09/2024 Bengaluru, KA

- Supported staff members in their daily tasks, reducing workload burden and allowing for increased focus on higher-priority assignments.
- Gained valuable experience working within a specific industry, applying learned concepts directly into relevant work situations.
- Gained hands-on experience in various software programs, increasing proficiency and expanding technical skill set.
- Sorted and organized files, spreadsheets, and reports.

Teaching Assistant

RACE, REVA University

01/2023 - 03/2024 Bengaluru

- Managed classroom behavior effectively, creating a positive learning atmosphere conducive to academic success.
- Collaborated with fellow teaching assistants to create a consistent and supportive learning environment for students.
- Completed daily reports on attendance and disciplinary performance.
- Enhanced learning outcomes by 30% by incorporating interactive teaching tools and technologies.

EDUCATION

M.Sc. Data Science

REVA University

09/2022 - 08/2024 Bengaluru, India

B.Sc. Mathematics, Electronics and Computer Science

Sri Venkateswara University

05/2018 - 06/2021

LANGUAGES

Telugu		Tamil	
Native		Proficient	
Hindi		English	
Proficient		Proficient	

TRAINING / COURSES

Data Visualization Using Tableau

Completed 3 courses on Data Visualization using Tableau from Infosys Springboard.

Support Vector Machine Using Python

Completed course on Support Vector Machines using python from Infosys Springboard.

AWS MasterClass: Storage & CDN AWS S3 & AWS CloudFront

Completed the Cloud Computing Concepts form Infosys Springboard.

PROJECTS

Visual Medical Assistant

AI Powered Medical Image Analysis

- Developed an AI tool using Gemini 1.5 Pro and Streamlit to analyze medical images, generate reports, suggest treatments, and ensure safe, responsible healthcare insights through intelligent system prompts.

Customer Segmentation using RFM Analysis

Customer Segmentation using RFM Analysis

- Categorizes customers based on their Recency, Frequency, and Monetary value to identify distinct behavioral segments for targeted marketing.

Sign Language Detection Using Deep Learning

Sign Language Detection Using Deep Learning

- Involves training neural networks to recognize and interpret hand gestures, enabling real-time communication between sign language users and non-signers.

SKILLS

LLMs	Python Programming	Tensorflow
SQL databases	Deep Learning	Gen AI
Machine Learning	PyTorch	Fast learner

CERTIFICATION

98 381 MTA Introduction to Programming using Python

Achieved the global certificate in Python, which was conducted by MICROSOFT.

Ethical Hacking Associate

Achieved the global certificate as Ethical Hacking Associate conducted by EC Council.

Information Technology Specialist

Obtained the Information technology Specialist Certificate from Pearson.

CISCO CCST

Achieved Cisco Certified Support Technician global certification from the CISCO.

PUBLICATIONS

Customer Segmentation Using RFM Analysis

EPRA Journals

BharghavMadhiraju , Dr. G. Sasikala, Sukesh D R

01/2024 - 07/2024

<https://eprajournals.com/IJES/article/13558>

Conducted customer segmentation using RFM analysis, statistical methods, data visualization, and machine learning to categorize customers by purchasing behavior, enabling businesses to optimize marketing and relationship strategies.

INTERESTS

Interest in AI and Cyber Security

Enthusiasm in obtaining information on the application of AI and Cyber Security.
