Address: Behind Middle school no.1, Gangapur city, Rajasthan, India

CAREER OBJECTIVE

A highly motivated and detail-oriented Computer Science graduate with a strong foundation in software development, problem-solving, and project management, aspiring to leverage my technical skills and innovative mindset to contribute effectively in the IT industry. Passionate about continuous learning and eager to tackle challenging projects that drive technological advancement and enhance user experiences.

EDUCATION

Degree	Institution	Board/University	Location	Duration	CGPA/%
B. Tech Computer Science and Engineering	KIET Group of Institutions	AKTU	Delhi-NCR, Ghaziabad	Nov 2021 – June 2025	7.8 CGPA
12th Std	Mayank Public School		Kota, Rajasthan	Apr 2019 - Jun 2020	71%
10th Std	ST. Francis De Sales School	CBSE	Gangapur city, Rajasthan	Apr 2017 - Apr 2018	92.2%

TECHNICAL SKILLS

Programming language	C++, C
Database	SQL, MySQL, MongoDB
Web development	HTML5, CSS
Tools	GitHub, Git, Kali Linux, Oracle VM Virtual Box, ChatGPT, Office365, Power BI, Jira, Trello, Mixpanel, MS Excel
Conceptual familiarity	Object oriented programming, Data structure and Algorithms, Operating System, Database Management System, Data Analytics, Project/Product Management

PERSONAL SKILLS

- **Communication:** Excellent verbal and written communication skills, ability to clearly convey ideas, and actively listen to others.
- **Teamwork:** Strong team player with a collaborative spirit, able to work effectively with diverse groups.
- **Problem-solving:** Creative thinker with the ability to analyze issues, identify solutions, and implement them effectively.
- **Leadership:** Proven leadership abilities, capable of motivating and guiding teams toward common goals.
- **Adaptability:** Flexible and open to new ideas, able to adjust to changing conditions and work demands.
- **Time Management:** Efficient in managing time and prioritizing tasks to meet deadlines.

INTERNSHIPS

- **KIET Group of Institutions:** Duration - 30 Days

As part of my engineering studies, I completed a summer internship focused on C++ Programming language. I concentrated on core concepts of the programming language and learned concepts of object oriented programming which helps me to deal with the real world problems.

PROJECTS

- **MEALTIME** : Duration – 15 Days

This food ordering website features an appealing interface developed with HTML and CSS, transforming blank pages into engaging, user-friendly designs that attract visitors through creative visuals.

Technology stack: HTML, CSS, JavaScript.

- **QA CHATBOT TO QUERY WEBSITE USING LLM** : Duration – 60 Days

This project features a chatbot designed to answer user queries effectively. It comprises a frontend, which manages user interactions with the chatbot, and a backend, which handles communication between the chatbot and the website. The system streamlines website navigation for users.

Technology stack: Large Language Model, Machine Learning, Python

CERTIFICATIONS

- Front end web development from Udemy
- Java Programming certificate from Great learning
